

**I. Purpose**

To ensure the appropriate use of Federal funds received as either the direct grantee or as a sub-recipient. Federal compliance requirements include the requirement for a recipient to have a formal policy related to supplanting institutional funds with Federal Funds.

**II. Scope**

This policy applies to all College expenditures related to Federal funds that include a compliance requirement that does not allow for the use of supplanting.

**III. General**

Except as otherwise authorized by a federal grant, the College will not use funds received pursuant to such grant to decrease the amount of state and local funds available for a program supported by federal funds. In no case shall the College use federal funds to supplant such state or local funds.

**IV. Responsibility**

Responsibility for the interpretation and administration of this policy is delegated to the Chief Financial Officer or designee.
