About This Report

This report fulfills the State of Michigan SEC 209 Reporting Requirement for community colleges to report the opportunities for earning college credit through state-approved career and technical education or a tech prep articulated program of study, direct college credit or concurrent enrollment, dual enrollment, and an early college/middle college program.

This report describes the college credit opportunity categories outlined in the SEC 209 report and the LCC programs that allow students to earn college credit. The [LCC Program Information](#) section includes the SEC 209 reporting requirements.

SEC 209 College Credit Opportunity Categories

Lansing Community College (LCC) offers several programs that allow students to pursue college credit. LCC’s K-12 programs fall under the following SEC 209 categories. A detailed description of each LCC program is contained in the [LCC Program Information](#) section.

State-Approved Career and Technical Education or a Tech Prep Articulated Program of Study
LCC’s credit articulated program was replaced by the [Career and Technical Education \(CTE\) Credit-by-Exam Program](#).

Direct College Credit

Courses offered under the [High School Advantage Program](#) are administered by the College and taught by college faculty during the high school day on the high school campus or online.

Dual Enrollment

[Traditional Dual Enrollment](#) is where high school students enroll in courses on the college campus or any other location where regular college courses (accessible to any students) are held.

Early/Middle College Program

An early middle college (EMC) is a Michigan Department of Education approved five-year program of study. The EMC is designed to allow a pupil to earn a high school diploma and one of the following; 60 transferable college credits, an associate degree, a professional certification, the Michigan Early Middle College Association (MEMCA) technical certificate, or the right to participate in a registered apprenticeship.

LCC collaborates with Ingham ISD to offer [The Early College at LCC](#). The College also collaborates on other [Early/Middle College Partnerships](#) to deliver college credit opportunities through CTE Direct Credit, High School Advantage, and Dual Enrollment.

Other College Credit Opportunities

Career and Technical Education (CTE) Direct Credit provides Eaton RESA (ERESA) Career Preparation Center and the Clinton County RESA (CCRESA) Education Center students with an opportunity to earn LCC course credit. LCC direct credit courses are offered within a high school program shell. Students who meet the eligibility requirements for LCC direct credit earn a numerical grade at the end of the school year.

Lansing Community College Program Information

Career and Technical Education Credit-by-Exam

CTE Credit-by-Exam provides free college credit for agreed upon courses listed in the CTE Credit-By-Exam Umbrella agreement between the College and high schools/career centers. CTE courses taught at the high school level may have direct curriculum alignment with non-Michigan Transfer Agreement LCC courses. When these courses are identified, agreements are created between the corresponding high school and LCC. This option creates an opportunity for high school students to take eligible LCC course assessments in order to earn free college TR (transfer) credit at LCC.

Participating School Districts & Locations

- Allegan County Area Technical and Education Center (ACATEC)
- Bath High School
- Bay-Arenac ISD Career Center (BAISD)
- Branch Area Career Center (BACC)
- High School HS
- Calhoun Area Career Center (CACC)
- Clinton County RESA
- Delton Kellogg High School
- DeWitt High School
- Eaton RESA
- Hartland HS
- Haslett High School
- Hastings High School
- Holt High School
- Howell HS

- Ionia County Career Center
- Ovid-Elsie High School
- Pinckney High School
- St Johns High School
- Wilson Talent Center

Participation

High school students participating in programs covered by an Umbrella have 6 months to apply for the credit after they complete the high school and/or career center coursework. Therefore, credit for high school coursework completed in 2020-21 may not be awarded until Fall 2021. At the time of this report, we do not have the final information about the number of participating students or college credits earned.

Instructor Type

LCC does not oversee the instructors who teach in high school/career center programs covered under Credit-by-Exam agreements due to the nature of the program.

Costs

The cost for Credit-by-Exam is unable to be reported. The process for Credit-by-Exam is part of the normal business operations for various areas within the College and does not have a separate and unique cost center.

Student Resources

Students who participate in Credit-by-Exam will not have access to LCC student resources until they apply to and enroll at LCC.

Instructor Resources

High school and career center instructors who are not employed by LCC may attend LCC's annual Pathways meetings to discuss high school CTE course alignment with their college counterparts. LCC shares textbooks, syllabi, and other academic resources with high school and career center instructors.

Transportation Services

LCC does not provide transportation for its K-12 programs.

Career and Technical Education Direct Credit

Program Description

CTE Direct Credit provides Eaton RESA (ERESA) Career Preparation Center and the Clinton County RESA (CCRESA) Education Center students with an opportunity to earn LCC course credit. LCC direct credit courses are offered within a high school program shell. Students who meet the eligibility requirements for LCC direct credit earn a numerical grade. LCC applies the course grade and credit to students' LCC transcripts.

Participating School Districts & Locations

Two RESAs participate in the CTE Direct Credit Program. The program is offered in the following locations:

- Clinton County RESA building
- LCC Downtown Campus
- LCC West Campus

Note: In 2020-21 COVID19 affected many CTE Direct Credit courses format. All CTE direct credit programs usually offered in-person at St. Johns and the LCC Downtown campus were moved online. Select courses were offered in a face-to-face or hybrid learning format on LCC's West Campus.

Participation

440 students participated in the CTE Direct Credit Program through Eaton RESA and Clinton County RESA in 2020-21. Students had an opportunity to earn up to 3,860 college credits.

Instructor Type

LCC faculty deliver the CTE Direct Credit curriculum.

Costs

LCC's total cost to operate the CTE Direct Credit program is \$1,248,650.

The cost per credit hour for the course(s) is \$442.

Student Resources

Students enrolled in the CTE Direct Credit have access to the following resources: Desire to Learn (learning management system), the library, MyLCC, student email, the Help Desk for technology support, the Learning Commons, and the Writing Center.

Instructional Resources

Instructors participate in professional development offered through their LCC program/department and may participate in professional development through the RESA.

Instructors also have access to resources available through LCC's Center for Teaching Excellence.

Transportation services

LCC does not provide transportation for its K-12 programs. Each RESA coordinates student transportation for the CTE Direct Credit Program.

High School Advantage

Program Description

High School Advantage allows students to earn transferable college credit before high school graduation. Courses are administered by LCC. Courses are fully transferable to colleges and universities. This program fills the gap for high school students who are ready for college-level work but want to receive all of the academic and social benefits of the high school environment. The majority of courses offered through High School Advantage are part of the Michigan Transfer Agreement.

Participating School Districts & Locations

Six high schools and two school districts participate in High School Advantage. High School Advantage courses are offered within the following eight high schools or districts:

- Fowler High School
- Holt High School
- Livingston Educational Service Agency
- Ovid-Elsie High School
- Pewamo-Westphalia High School
- Portland High School
- Potterville High School
- Shiawassee Regional Educational Service District

Participation

634 students enrolled in High School Advantage courses in 2020-21. Those students attempted 7,006.5 college credits through the program.

Instructor Type

All High School Advantage courses are taught by LCC faculty.

Costs

LCC's total cost to operate the High School Advantage program is \$2,867,696.

The cost per credit hour for the course(s) is \$442.

Student Resources

Students enrolled in High School Advantage have access to all LCC college resources including the Center for Student Access, Desire to Learn (learning management system), the library, MyLCC, student email, the Help Desk for technology support, the Learning Commons, and the Writing Center.

Instructional Resources

Instructors in these programs participate in professional development offered through their LCC program/department and may participate in professional development. Instructors use course syllabi and departmental exams. They have access to resources available through LCC's Center for Teaching Excellence.

Transportation services

LCC does not provide transportation for High School Advantage because courses are held in a high school or district building or delivered online.

Traditional Dual Enrollment

Program Description

Traditional dual enrollment is where high school students enroll in courses on the college campus or any other location where regular college courses (accessible to any students) are held. LCC's Dual Enrollment Program allows qualified high school students to earn college credit while working towards their high school diploma. High school credit may or may not be granted according to the discretion of the participating student's high school.

Participating School Districts & Locations

87 school districts participate in traditional dual enrollment. Students enroll in courses on the college campus or any other location where regular college courses are held:

- LCC East Campus
- LCC Downtown Campus
- LCC West Campus
- Livingston County Center
- Online

Participation

976 students participated in Traditional Dual Enrollment in 2020-21. Those students attempted 9,397.5 college credits through the program.

Instructor Type

Students taking LCC courses through Dual Enrollment are instructed by LCC faculty.

Costs

LCC's total cost to operate the Dual Enrollment program is \$4,153,695

The cost per credit hour for the course(s) is \$442.

Student Resources

Students enrolled in the Enrollment have access to all LCC college resources including the Center for Student Access, Desire to Learn (learning management system), the library, MyLCC, student email, the Help Desk for technology support, the Learning Commons, and the Writing Center.

Instructional Resources

Instructors in these programs participate in professional development offered through their LCC program/department and may participate in professional development. Instructors use course syllabi and departmental exams. They have access to resources available through LCC's Center for Teaching Excellence.

Transportation services

LCC does not provide transportation for its K-12 programs. Students participating in traditional dual enrollment may have access to bus passes and vouchers if they meet eligibility criteria.

The Early College at LCC

Program Description

The Early College (TEC) is a collaboration between Ingham Intermediate School District (ISD) and Lansing Community College (LCC). The Early College is a program for students entering their junior year of high school that are looking for an opportunity to move into a college environment.

The Early College at LCC offers up to 60 college credits, tuition free, for students in participating high schools who will be starting their junior year of high school. Enrolled students attend class on LCC's downtown or online campus for grades 11-13 and no longer attend their high school.

Participating School Districts & Locations

15 school districts participated in The Early College at LCC in 2020-21. Classes were held on:

- LCC Downtown Campus
- Online

Participation

156 students enrolled through The Early College at LCC in 2020-21. Students attempted 5,872 credits.

Instructor Type

Courses taken for college credit through The Early College at LCC are delivered by LCC faculty.

Costs

LCC's total cost to operate the Early College at LCC program is \$2,166,242.

The cost per credit hour for the course(s) is \$442.

Student Resources

Students enrolled in the CTE Direct Credit, High School Advantage, Traditional Dual Enrollment, and The Early College at LCC have access to all LCC college resources including the Center for Student Access, Desire to Learn (learning management system), the library, MyLCC, student email, the Help Desk for technology support, the Learning Commons, and the Writing Center.

Students in grade 13 are assigned an LCC Academic Success Coach.

Instructional Resources

Instructors in these programs participate in professional development offered through their LCC program/department and may participate in professional development. Instructors use course syllabi and departmental exams. They have access to resources available through LCC's Center for Teaching Excellence.

Transportation services

LCC does not provide transportation for its K-12 programs. Each RESA coordinates student transportation for the CTE Direct Credit Program. Students participating in traditional dual enrollment and The Early College at LCC may have access to bus passes and vouchers if they meet eligibility criteria.

Early/Middle College Partnerships

Program Description

An early middle college (EMC) is a Michigan Department of Education approved five-year program of study. The EMC is designed to allow a pupil to earn a high school diploma and one of the following; 60 transferable college credits, an associate degree, a professional certification, the Michigan Early Middle College Association (MEMCA) technical certificate, or the right to participate in a registered apprenticeship. A professional certification is any certificate or industry recognized credential in which the pupil prepared for by taking course work provided by a Michigan public or private college or university. EMC participants follow a deliberately designed course of study. Students may earn a college degree and/or a certificate by taking some college classes during 9-12 grades and then attend college full time during grade 13.

Participating School Districts & Locations

Seven school districts partnered with LCC to offer college credit to their early college students in 2020-21:

Capital Region Technical Early College (Eaton RESA, Clinton County RESA, Ingham ISD)

- Portland Early College
- Holt Early College
- Livingston ESA Early College
- Shiawassee RESD Early College

LCC's early college partners (outside of The Early College at LCC) deliver college credit through LCC's CTE Direct Credit, High School Advantage, and/or Traditional Dual Enrollment. The course location depends on the delivery model.

Participation

Students taking courses through LCC's early/middle college partnerships from CRTEC, may enroll in CTE Direct Credit, High School Advantage, and/or Dual Enrollment. Their enrollment is reflected in the "Participation" section under those program categories.

Costs

Costs for the EMC program vary by the college credit delivery model. See the cost section under "CTE Direct Credit," "High School Advantage," or "Traditional Dual Enrollment" for costs.

Student Resources

Students enrolled in the CTE Direct Credit, High School Advantage, Traditional Dual Enrollment, and The Early College at LCC have access to all LCC college resources including the Center for Student Access, Desire to Learn (learning management system), the library, MyLCC, student email, the Help Desk for technology support, the Learning Commons, and the Writing Center.

Early/middle college students in grade 13 are assigned an LCC Academic Success Coach.

Instructional Resources

Instructors in these programs participate in professional development offered through their LCC program/department and may participate in professional development. Instructors use course syllabi and departmental exams. They have access to resources available through LCC's Center for Teaching Excellence.

Transportation services

LCC does not provide transportation for its K-12 programs. Each RESA coordinates student transportation for the CTE Direct Credit Program. Students participating in traditional dual enrollment may have access to bus passes and vouchers if they meet eligibility criteria.
