

# LANSING COMMUNITY COLLEGE

## CURRICULUM GUIDE

Sterile Processing Technician  
Certificate of Completion

Curriculum Code: 1017 (Effective Fall 2016 – Summer 2018)

This certificate curriculum prepares individuals to function competently in the central service department of a healthcare facility. Duties include, but are not limited to, processing of patient care equipment, supplies, and instruments for use in all departments. Includes principles and practices of decontamination, cleaning, disinfection, sterilization, and distribution of medical/surgical supplies. The curriculum provides externship experience and prepares the successful completer for the National Certification Exam for Sterile Processing and Distribution.

### PREREQUISITES

Students should see [Course Descriptions](#) for course prerequisite information. See [Academic Assessment and Placement Testing for Student Success](#) for skills assessment and advising information.
