

Architecture Technology A.A.S.

Curriculum Code: 1455

Effective: Fall 2020 – Summer 2025

Revised: 6/25/21

Description

The Architecture Technology degree is designed to prepare students to work in entry-level positions assisting in architecture or allied disciplines such as engineering, interior design, real estate development, and construction. The curriculum provides graduates with a broad foundation of technical abilities with an emphasis on job entry skill development, computer aided design, design creativity and awareness, and problem solving. Not all courses in this program transfer to all colleges. Students planning to transfer should see an academic advisor before enrolling in any course.
