

Accounting A.B.

Career Community: Business

Curriculum Code: 0162

Effective: Fall 2022 – Summer 2027

Purpose of Major

This major is designed for students wishing to work in the field of Accounting on completion of the Associate of Business degree. Graduates of this degree/major are qualified to work as a paraprofessional in most areas of accounting, such as financial reporting, cost accounting, governmental accounting, tax preparation, and auditing. Typically, paraprofessionals work under the supervision of a professional accountant, but may be doing essentially the same type of work. Job titles include bookkeeper, accounting clerk, and tax preparer, among others. Not all courses in this program transfer to all institutions. Students who also wish to transfer to a four-year institution should select the coursework indicated for that institution, and may also complete the coursework for a Business, Enhanced AB degree. This allows completion of credits required for employment and of additional requirements for the Bachelor's. Institutions accepting coursework for the Business, Enhanced AB, Accounting Pathway include Davenport University, Eastern Michigan University, Ferris State University (Business Administration – Professional Track), Northwood University, Oakland University, and Siena Heights University.

Milestone

In addition to the required General Education courses in Math and English, completion of ACCG 210 and ACCG 211 with a 2.0 or higher is a key component for success in completing this program. Knowledge obtained in these courses is the foundation for learning in other required courses. Students are encouraged to contact their faculty if they need additional assistance with learning the concepts presented in these courses.
