

Automotive Technologies C.A.

Career Community: Transportation

Curriculum Code: 1790

Effective: Fall 2022 – Summer 2027

Description

There is a need for highly skilled automotive technicians because automobiles are more complex than ever, and are being kept for a record-breaking length of time. This Certificate will give students the training needed to diagnose, repair, and maintain the automobiles of today, as well as the automobiles of tomorrow. Certificate holders may improve their employment opportunities for advancement in this or a related area. Students explore various aspects of modern automobile theory and operation, diagnosis, repair, and maintenance for all major systems of the vehicle. Students will be trained with the newest and latest tools and equipment in a realistic hands-on laboratory environment.

Milestone

Completion of AUTM 111 and AUTM 131 with a 2.0 or higher is a key component for success in completing this program. Knowledge obtained in these courses is the foundation for learning in other required courses. Students are encouraged to contact their faculty if they need additional assistance with learning the concepts presented in these courses.

Additional Information

Approximately 70% of the instruction is hands-on laboratory time, and all lab and lectures feature class sizes of less than 16 students to provide generous personal interaction with your instructors. All instructors are ASE certified, and bring their extensive years of experience working within the automotive repair industry to the classroom. All students have the opportunity to take State of Michigan as well as the nationally recognized ASE tests throughout this program to become a certified automotive technician. To assist students with their career goals, LCC Automotive covers the cost of State and ASE tests as well as the cost of most of their automotive textbooks.

The Automotive Technology Program is a National Automotive Technicians Education Foundation (NATEF) Certified Training Program, evaluated by the National Institute for Automotive Service Excellence (ASE). The Automotive Program is a Snap-On Diagnostics Training Center and a member of the National Alternative Fuels Training Consortium (NAFTC).

Not all courses in this program transfer to all colleges. Students planning to transfer should see an academic advisor before enrolling in any course.

Contact Information

Contact the Automotive Technology Program, West Campus Building, Room M103, telephone number 517-267-6406, or Student Services West Campus, West Campus Building, Room M106, telephone number 517-267-5452.

Program of Study Required Courses

| Course Code | Course Title | Credit / Billing Hours |
|-------------|-------------------------------|------------------------|
| AUTM 102 | Automotive/Collision Safety | 1 / 1 |
| AUTM 111 | Automotive Electrical I | 4 / 6 |
| AUTM 113 | Automotive Electrical II | 4 / 6 |
| AUTM 131 | Automotive Engine Repair | 4 / 6 |
| AUTM 141 | Braking Systems and ABS | 4 / 6 |
| AUTM 151 | Suspension and Steering | 4 / 6 |
| AUTM 161 | Auto Heating/Air Conditioning | 4 / 6 |
| AUTM 211 | Automotive Electrical III | 4 / 6 |
| AUTM 270 | Gas Eng Drivability Diagnosis | 4 / 6 |
| AUTM 273 | Lt. Diesel Drivability Diag. | 4 / 6 |
| AUTM 275 | Ignition/Emissions Sys Diag | 4 / 6 |

Minimum Total Credit Hours

41 credits / 61 billing hours

Recommended Course Sequence

| Semester I |
|-----------------------------|
| AUTM 102 |
| AUTM 111 – Milestone course |
| AUTM 141 |
| AUTM 151 |

| Semester II |
|-----------------------------|
| AUTM 113 |
| AUTM 131 – Milestone course |
| AUTM 161 |
| AUTM 211 |

| Semester III |
|--------------|
| AUTM 270 |
| AUTM 273 |
| AUTM 275 |

LCC makes every effort to limit revisions to the pathways during their effective timeframe. However, the College reserves the right to update certificate and degree title changes, and make course changes as needed, without prior notice.
