

Allied Health A.A.S.

Career Community: Health Careers

Curriculum Code: 1814

Effective: Fall 2022 – Summer 2027

Description

Allied Health is a broad field of study that encompasses a variety of professions involved in the diagnosis, evaluation, and treatment of acute and chronic diseases, disease prevention and wellness, and rehab and health systems management that support health care systems in an array of settings. Therefore, this degree is designed to be customized to a student's goals for a health profession. A minimum of 60 credits is required and includes LCC General Education requirements and several options which may be combined. Option A serves as the pathway for students working on admission to a Health Careers selective admission program. Option B includes courses in a number of certificate pathways for new students or students who may already have a certain certification or license and are seeking an associate degree for further education or employment opportunities. The Medical Education and Training Campus (METC) option provides an opportunity for military transfer credit. Additional course choices enhance a student's degree track and may include those that will satisfy the Michigan Transfer Agreement (MTA) between two-year and four-year institutions in Michigan and transfer to a baccalaureate degree program in a health-related field. Courses appearing in more than one section on the pathway can be counted only once toward the credit total.

Milestone

Completion of the required General Education courses in Math and English with a 2.0 or higher is a key component for success in completing this program. Knowledge obtained in these courses is the foundation for learning in other required courses. Students are encouraged to contact their faculty if they need additional assistance with learning the concepts presented in these courses.

Additional Information

It is crucial that students meet with a Health Careers academic advisor or program director prior to selecting courses based on academic goals. Students must earn a minimum grade of 2.0 or higher in all courses to earn this degree. Higher grades will be required in some classes and if you are applying to a selective admission program. Please visit [Advising Guides - Health and Human Services Division](#) to review specific admission requirements for each selective admission program in Option A. Visit the [Degree and Certificate Program Pathways](#) to review the pathway for each certificate in Option B.

Credit for Approved State or National Licensure or Certification and Previously Acquired Knowledge and Learning Experience

Students who have applied to LCC and hold certain current licenses and/or certifications listed at the following link are encouraged to apply for [Licensure or Certification Credit](#) toward this degree. Students who have personal and professional experience gained through actual job-related activities and special training experiences are encouraged to apply for Credit for Prior Learning Experience toward this degree. These learning experiences must directly relate to a specific course or courses required within a student's LCC program. Credits granted through either of these two options that are relevant to this degree may be used toward degree completion. Contact a Health Careers advisor in the Academic Advising Department for more information.

Contact Information

Prior to beginning this program, students should meet with a Health Careers advisor in the Academic Advising Department, Gannon Building - StarZone, telephone number 517-483-1904. Students should also visit the [Health and Human Services Division](#) website for more information.

General Education – Applied Degrees, Recommended Courses

(For the full list of options, see [General Education](#))

- English Composition or Applied English – *Select one*
- English Composition (second course)/Communications or Applied Communications – *Select one*
- Humanities and Fine Arts or Social Sciences or Applied Social Sciences – *Select one*
- Mathematics of Applied Mathematics – *Select one*
- Natural Sciences Lab or Applied Sciences and Technology Lab – *Select one*

Students following Option A – Selective Admission Pre-Programs should see [Advising Guides - Health and Human Services Division](#) for the specific General Education courses required for their program.

Military (METC) Radiologic Technology Option: Students with Medical Education and Training Campus (METC) Radiologic Technology Transfer Credit should see the Medical Education and Training Campus (METC) Radiologic Technology section at the end of this pathway for specific General Education options required for their program.

Program of Study Required Courses – *Select Option A, Option B, or a combination of courses from each option for a minimum of 30 credits.*

Option A – Selective Admission – *Students choosing this option select courses in one or more pre-programs as indicated in the advising guide(s). Students choosing only option A must have a minimum of 30 credits.*

Selective Admission Pre-Programs Advising Guides	Credit / Billing Hours
P001 – Pre-Dental Hygiene	30 – 39 / 32 – 44
P002 – Pre-Diagnostic Medical Sonography	22 – 27 / 25 – 31
P006 – Pre-Nursing, PN/RN, 2Yr Program	30 – 32 / 34 – 38
P006 – Pre-Nursing, PN/RN, 2nd Degree Program	30 – 32 / 34 – 38
P006 – Pre-Nursing, PN/RN, Advanced Standing Program	30 – 32 / 34 – 38
P008 – Pre-Radiologic Technology	20-25 / 22-28
P009 – Pre-Surgical Technology	30 – 32 / 33 – 36

Option B – Health Certificates and Health Related Courses – *Students choosing only option B select a minimum of 30 credits. One or more certificate pathways may be completed. There is a 3 credit maximum for MGMT courses, a 2 credit maximum for PFFT/PFWT courses, and a 12 credit maximum for Science (BIOL/CHEM/PHYS) courses.*

Course Code	Course Title	Credit / Billing Hours	Certificate Pathway
BIOL or CHEM or PHYS XXX	Various Science courses	1-5 / 3-7 (12 credit max)	
CHSE 100	Intro to Health Professions	3 / 3

SURG 103	Surgical Asepsis	2 / 2	

*Flat-rated, not covered by financial aid

Elective Courses, General Education – Transfer Degrees (MTA) Recommended

Courses – *Any MTA courses may be selected in consultation with a Health Careers advisor based on academic goals for transfer. Select courses to reach the minimum 60 total credits for this degree (maximum of 30 credits). (For the full list of options, see [General Education](#)).*

Minimum Total Credit Hours

60 credits / 60 billing hours

Course Sequence

Students will work with an advisor to determine the course sequence specific to their educational goals.

Medical Education and Training Campus (METC) - Radiologic Technology Option

METC Radiologic Technologist Program Graduates may receive up to 51 college transfer credits (31 credits didactic courses and 20 credits clinical courses) upon submission and review of METC Transcript and Joint Service Transcript to Lansing Community College. The 51 college transfer credits awarded include the satisfaction of the General Education Natural Sciences requirement. An additional 15-17 semester credits to be earned toward the curriculum and completed at LCC are required to award an associate degree. Transfer credit does not satisfy those additional 15-17 credits required to award the degree.

Joint Service Transcript Program Number

Air Force: L5AQJ4R031 01AA Diagnostic Imaging Apprentice (Phase 1)

Army: 313-68P10 Radiologist Specialist (Phase 1)

Navy: B-313-0126 Advanced Radiographer (Phase 1)

METC Course Dates: Start date: January 2017 - End Date: February 1, 2023

METC courses completed prior to the above date must be submitted to Lansing Community College's Radiologic Technology Program Director for review of course transfer credit.

General Education - Applied Degrees, Recommended Courses – *Minimum 14 credits*

(For the full list of options, see [General Education](#))

- English Composition or Applied English – *Select one*
ENGL 121, Composition I, 4 credits / 4 billing hours
ENGL 122, Composition II, 4 credits / 4 billing hours
ENGL 131, Honors Composition I, 4 credits / 4 billing hours
ENGL 132, Honors Composition II, 4 credits / 4 billing hours
- English Composition (second course)/Communications or Applied Communications – *Select one*
COMM 110, Oral Communication in the Workplace, 3 credits / 3 billing hours
COMM 120, Dynamics of Communication, 3 credits / 3 billing hours
COMM 130, Fundamentals Public Speaking, 3 credits / 3 billing hours
- Humanities and Fine Arts or Social Sciences or Applied Social Sciences – *Select one*
ANTH 271, Medical Anthropology, 3 credits / 3 billing hours
SOCL 120, Introduction to Sociology, 4 credits / 4 billing hours
- Mathematics or Applied Mathematics – *Select one from the Transfer Degrees (MTA) category*
MATH 119, Math – Applications for Living, 4 credits / 4 billing hours
- Natural Sciences Lab or Applied Science and Technology Lab
Satisfied by the 51 credit transfer agreement

Program of Study Recommended Courses - *Select one or more if needed to reach 15 LCC credits.*

Course Code	Course Title	Credit/ Billing Hours
PFFT 109	Introduction to Fitness	1 / 2
PFHW 163	Healthy Lifestyles	2 / 3
PFHW 181	Stress Management	1 / 1

METC Total

66-68 credits / 15-18 billing hours

LCC makes every effort to limit revisions to the pathways during their effective timeframe. However, the College reserves the right to update certificate and degree title changes, and make course changes as needed, without prior notice.
