

Basic Emergency Medical Technician C.C.

Career Community: Health and Human Service Careers

Curriculum Code: 1817

Effective: Fall 2022 – Summer 2024

Description

All Emergency Medical Services courses are approved by the Michigan Department of Health and Human Services. Basic Emergency Medical Technicians are members of the health care team in the pre-hospital emergency care setting. EMT personnel staff ambulances and are also employed in hospitals, industry, and other public service agencies. They are expected to respond rapidly and effectively to many forms of trauma and medical emergencies and work in close contact with emergency physicians. The job is often fast-paced and always challenging. State licensing is required. Daytime and evening course options are available to students.

Milestone

Completion of EMTA 101 and EMTA 102 with a 3.0 or higher is a key component for success in completing this program. Knowledge obtained in these courses is the foundation for learning in other required courses. Students are encouraged to contact their faculty if they need additional assistance with learning the concepts presented in these courses.

Additional Information

To be eligible to receive the Basic Emergency Medical Technician Certificate of Completion and apply for National Registry of Emergency Medical Technicians (NREMT) Certification, all courses in this curriculum must be completed with a 3.0 grade or better.
