

## **Science and Mathematics G.A.**

Career Community: Science and Mathematics

Curriculum Code: 1831

Effective: Fall 2022 – Summer 2027

Revised: 5/25/22

### **Purpose of Major**

This degree is designed for students interested in pursuing a career in mathematics, engineering, or a broad range of scientific fields. This Career Community includes the following pathways: Biology, Biotechnology, Chemical Technology, Chemistry, Computer Science, Engineering-Physics, Environmental Technology, Geography, and Mathematics. The degree includes a common set of courses applicable to the Science and Mathematics majors listed above and to many transfer institutions. Students beginning college in this degree program are encouraged to work with academic and program advisors throughout their first few semesters of study to determine their specific major area and, if transfer is a goal, the specific requirements of the transfer institution.

Not all courses in this pathway transfer to all colleges.

### **Milestone**

In addition to the required General Education courses in Math and English, completion of CHEM 151 and CHEM 161 with a 2.0 or higher, is a key component for success in completing this program. Knowledge obtained in these courses is the foundation for learning in other required courses. Students are encouraged to contact their faculty if they need additional assistance with learning the concepts presented in this course.

### **Contact Information**

Contact the Science and Mathematics Department, Arts and Sciences Building, Room 3203, telephone number 517-483-1092.

### **General Education – Applied Degrees - Recommended Courses**

Select courses as indicated for specific transfer institutions and majors. These courses are preferred General Education courses listed on Transfer Articulation agreements. The recommended courses in each General Education category also meet Michigan Transfer Agreement (MTA) requirements. If no course is indicated, choose from the list of options under [General Education](#). A minimum grade of 2.0 is required for each General Education course.

- English Composition or Applied English  
ENGL 121 or ENGL 131 meets this requirement.
- English Composition (second course)/Communications or Applied Communications  
COMM 130 or ENGL 122 or ENGL 132 meets this requirement.

- Humanities and Fine Arts or Social Sciences or Applied Social Sciences Career Community courses meets this requirement.
- Mathematics or Applied Mathematics  
MATH 120 or MATH 126 or MATH 151 meets this requirement.
- Natural Sciences Lab or Applied Sciences and Technology Lab  
BIOL 120 or BIOL 127 or CHEM 151 with CHEM 161 or GEOL 221 or GEOL 230 or PHYS 251 meets this requirement.

**Science and Mathematics Career Community Courses** – *These courses are required for all Science and Mathematics programs. They should be taken before other Program Required or Limited Choice Courses. Some courses meet General Education requirements for Michigan Transfer Agreement (MTA). A minimum of 2.0 is required to meet LCC degree requirements for General Education courses and for all courses to transfer to other colleges (some colleges, and some programs within colleges, require a higher grade in a course.)*

Notes:

ACAD 100 may be waived based on the recommendation of a Program Advisor.

In addition to CHEM 151 and CHEM 161, select Science courses as follows:

- Students interested in Biology, Biotechnology, Chemical Technology, Chemistry, or Environmental Technology choose BIOL 127.
- Students interested in Computer Science choose BIOL 120 or GEOL 221 or PHYS 251.
- Students interested in Engineering/Physics or Mathematics choose PHYS 251.
- Students interested in Geography or Geology choose GEOL 230.

Students considering adding Secondary Education Certification in Mathematics or Science in order to teach in Michigan Public Schools are strongly encouraged to select an EDUC course as listed below.

For future transfer (Secondary Education Certification) to:

- Central Michigan University, Ferris State University, or Michigan State University choose EDUC 204.
- Eastern Michigan University, Grand Valley State University, University of Michigan Flint, or Western Michigan University choose EDUC 220.

**Program of Study Required Courses – Limited Choices** - *Select between 32 to 37 credits to reach the minimum of 60 credits required for the degree. Work with an Academic Advisor or Program Advisor to select the most appropriate courses or to select a field-specific major or transfer major that meets your educational and career goals. Some courses meet General Education requirements for Michigan Transfer Agreement (MTA). A minimum of 2.0 is required to transfer to other colleges (some colleges, and some programs within colleges, require a higher grade in a course.)*
