GO #: 9.5

Medical Care Following Use of Force

Page 1 of 1

## Medical Care Following Use of Force

### POLICY:

The use of unreasonable, unnecessary or excessive force and/or the failure to provide proper medical treatment, following the use of force, shall in every case result in certain disciplinary action against those who use or allow the use of such force or fail to provide for the care of persons in custody.

### PROCEDURE:

In all cases in which an LCC PD officer has used force, up to and including deadly force, as soon as safely possible, appropriate medical aid will be provided or summoned.

The use of unreasonable, unnecessary or excessive force and/or the failure to provide proper medical treatment following the use of force shall in every case result in certain disciplinary action against those who use or allow the use of such force or fail to provide for the care of persons in custody.
