In accordance with legal requirements and College policies, Lansing Community College provides a supportive environment for employees who elect to express their milk during work hours, and expects that all employees will assist in providing a positive atmosphere of support for employees who elect to do so.

**Milk Expression Breaks**

The College is required to provide a reasonable amount of break time to express milk as frequently as needed by the nursing mother. The frequency of breaks needed to express milk as well as the duration of each break will likely vary.

Employees (including student employees) may use their paid breaks and/or unpaid lunch periods for the purpose of expressing milk.

**Lactation Rooms**

The College has identified several rooms that can be used for breast milk expression. These rooms meet statutory requirements and may be used by students and employees. Room locations follow:
