Careers in Business

The Career and Employment Services department hosted a Careers in Business event in October in the Gannon Commons. At this event, students had the opportunity to connect with 14 local employers, the Lansing Regional SmartZone, LCC School of Business programs, transfer schools, and LCC Academic Advising. Students were able to explore the various School of Business programs offered at LCC and gain insights into career and entrepreneurship opportunities with business-related degrees. Faculty and staff from the School of Business programs were available to answer any student program-related inquiries.

National Transfer Student Week took place October 16 – 20

More than 100 students participated in the following events scheduled throughout the week:

- + A Transfer Fair
- + MSU - Envision Green sessions
- + An Open House for the Interim Transfer Center space
- + Social Media Friday, where students could sign up for LCC Swag

This activity supports Strategic Plan Focus Area 1 – Engaged Learning and Student Success – students were actively involved in using resources outside the classroom to connect their education with their career objectives.

Theatre Program hosts workshop

The theatre program hosted professional actor and University of Michigan - Flint theatre professor, Janey Haley for the workshop: "Making Space: Getting Out of Your Head and Into Physical Action." Students from several theatre classes attended the afternoon workshop.

Haley has extensive training in the "viewpoints" performance technique, which is a collection of terms that break down space and time into playable choices. The collection serves the performing artist in three fundamental ways:

1. A way for actors to make clear, immediate choices in rehearsal of scripted/improvised action.
2. A way for directors to coach performers in specific terms for immediate adjustments in space/time.
3. A vocabulary for discussing/responding in specific terms to a theatrical performance.

Theatre Alumnus Returns for Lecture:

LCC theatre alumnus, Alan Patrick, returned to campus in October as a guest lecturer for current and past theatre students. The lecture, titled, "Slaying the Dragon: Working with a Theatre Degree" discussed how performance students can find work in the IT/table-top gaming industry using the skills they achieve with their theatre degree.

You can find Patrick's work throughout Red Hat, Liquid Web, Wizards of the Coast (Dungeons & Dragons), Modiphius (Star Trek), CBS (also Star Trek), Steamforged Games, Ghostfire Games, Schwalb Entertainment, and other publishers.

Music and Theatre Programs Hold Advising Days:

The theatre and music programs each held advising days for their programs to assist students with the early registration process. Both advising days were attended by current majors and students interested in becoming either a music or theatre major. The goal of faculty is to help students get off on the right foot in preventing drops for non-payment, late enrollment or class cancellations.

Representatives from both Financial Aid and College Advising were in attendance to help students with any questions or problems they might be having in the registration process.

Marketing Department

Selected promotional materials for LCC events and programing.

College Night

Marketing promoted College Night in October. Marketing's support for the event included the creation of flyers, digital signage, targeted email, City Pulse ads and social media (both paid and posts). More than 200 people signed up to attend the event on October 19.

Fire Academy Open House

On October 18, Public Service Careers hosted prospective students and their families for the annual Fire Academy Open House. Marketing promoted this event on social media (paid and posts), with on-campus signage, on the LCC homepage, and printed flyers for the event. Twenty-two people RSVPed for the event.

Technical Careers Open House

On October 10, the Technical Careers Division hosted prospective students and their families for an open house. Marketing promoted this event on social media (paid and posts), with on-campus signage, and on the LCC homepage. Marketing also provided printed flyers for the event, and an email to disconnected LCC students. There were 102 RSVPs.

Updates to Technical Careers Division Materials

Marketing is in the process of updating all TC Division programs' recruitment/promotional materials. In October, Marketing completed flyers for CAD, Fire Science, Welding, Legal Studies, Utility Lineworker, CIT and Utility and Energy Systems. There are more improvements in the works, including booklets.

Feeling down or overwhelmed? Don't deal with it on your own.

LCC has free mental health counseling for students. Schedule an appointment online at lcc.edu/counseling.

LANSING COMMUNITY COLLEGE Support Services Counseling

Counseling Services

Marketing launched a series of printed handbills and digital signage to promote LCC's free counseling services for current students. Materials were created in an effort to destigmatize counseling and mental health issues and spread awareness of how counseling can help.

Tech Forward: Women in Energy Event

On October 18, the Technical Careers Division hosted women leading the way in energy careers with a speaker and networking lunch event open to the public. The Marketing Department promoted this event on social media (both paid and posts), with on-campus signage, and on the LCC homepage. Marketing provided printed flyers for the event. There were 24 RSVPs for the event.

suttonb@lcc.edu. LANSING COMMUNITY COLLEGE"/>

lcc.edu/techcareers LANSING COMMUNITY COLLEGE"/>

Community Drone Day

On September 30, the Technical Careers Division hosted Community Drone Day. Marketing promoted this event on social media (posts only), with on-campus signage, and on the LCC homepage. Marketing also provided printed flyers for the event. RSVPs for the event totaled 73.

National Transfer Student Week

On October 16-20 LCC Celebrated National Transfer Student Week on the downtown campus. Events included a mini transfer fair with colleges and universities in attendance, two MSU presentations, a meet and greet with the Transfer Center team and an online engagement giveaway. The events were promoted by Marketing with a landing web page, calendar posts, social posts, rack promotional cards, signage and digital TVs across campus.

Manufacturing Day

Marketing supported the Technical Careers Division for Manufacturing Day by creating a branded program, Manufacturing Day cards and wage and career materials to present to the event's participants.

Lansing Community College Sponsors Boo at the Zoo

In October, LCC sponsored the Boo at the Zoo event at Potter Park Zoo. Marketing promoted the event and passed out candy to visitors. During the Boo at the Zoo event Marketing also promoted LCC's Youth Summer Camps.

Win a free LCC Youth Summer Camp!

Sign up for the LCC Lifelong Learning newsletter and you could win a free weeklong day camp for your student (grades 2 - 12). The newsletter connects you with the LCC Youth Program community and you'll be notified of special offers, registration dates, new classes and more.

Visit lcc.edu/braincandy or scan the QR code to sign up for the newsletter.

Social Media Analytics for October 2023

Social Media Analytics Key

Total Posts

How many times a video, image, tweet, article, etc., was sent out on a given social media platform that month.

Follower +/-

How many users that decided to follow or unfollow a social media page in a given month for each platform.

Reach

A metric that refers to the number of users who have encountered a particular content on a social media platform.

Total Monthly Reach

This metric is estimated by each platform. It is a give-or-take of how many users in total viewed any content from a social media page that month. It shows roughly how big of a net is being cast.

Average Reach per Post

This is not an estimate like the "Total Monthly Reach" stat. This is calculated by taking the reach for each post that month and then dividing it by the total number of posts that month. It gives an idea of how many users, on average, came across a post from a given platform that month.

Engagements

Engagements are generally defined as when someone interacts with a post. What constitutes an engagement varies by platform. Examples of engagements include liking a post, commenting, sharing, saving, clicking on a link, clicking on an image, or re-sharing a post.

Total Engagements

The total sum of engagements for each post from each platform in a given month.

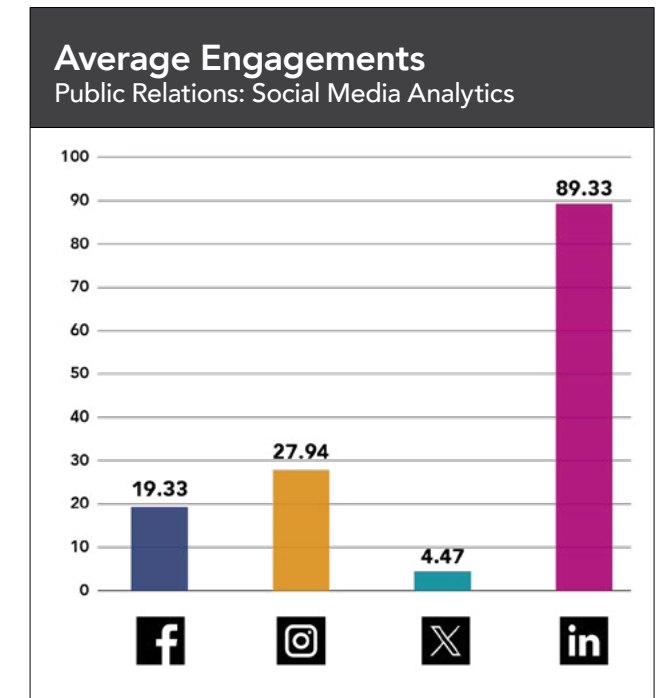

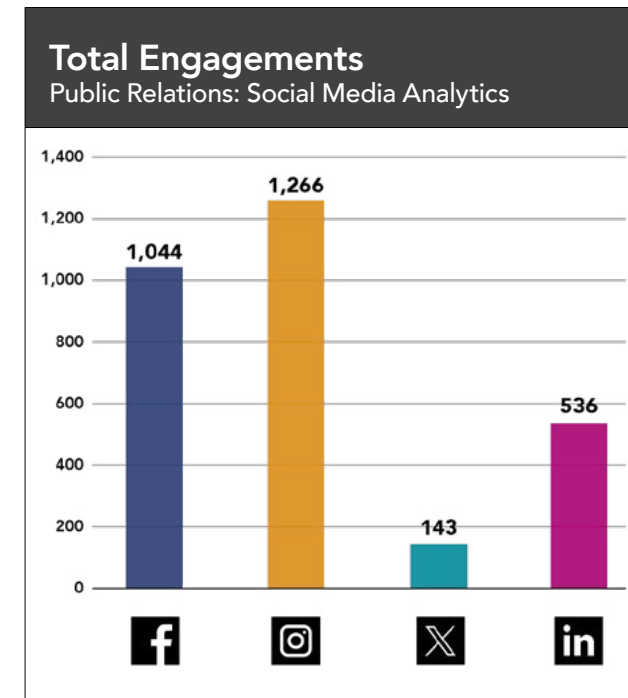

Average Engagements

'Total Engagements' divided by 'Total Posts' for each platform. Gives an idea of how many interactions from users/followers one could expect for an average post during the month for the specified platform.

Engagement Rate

Also referred to as Engagement Rate by Reach (ERR). This divides the 'Average Engagements' metric by the 'Average Reach per Post' metric. Essentially, this measures the percentage of users who chose to interact with a post after seeing it on the specified platform.

The following is a breakdown of how LCC performed on our social media channels in October.

The following are the top posts for LCC Social Media during the month of October.

 LinkedIn
6,154 Reach · 349 Engagements

 Facebook
6,881 Reach · 181 Engagements

 X (Twitter)
357 Reach · 11 Engagements

 Instagram
1,234 Reach · 133 Engagements

LCC hosts C3R Summit

LCC hosted the 22nd College and Career Readiness (C3R) Summit on Oct. 10, with nearly 60 people in attendance. The hybrid event focused on supporting students on the autism spectrum. Attendees received information about the lessons C3R and the college have learned from the Ready for Launch transition workshop for high school seniors on the spectrum, and LCC Academic Success Coach Frank Taylor shared his personal experience supporting Ready for Launch students. Attendees also heard from Katelynn Seltzer, a current LCC student and her mother, Tina Seltzer, about their experience navigating college. Michele Strasz from the Capital Area College Access Network brought the community's perspective to a panel discussion moderated by LCC's Toni Glasscoe.

Attendees, who included representatives from the community, workforce development, K-12, university partners and LCC, also provided input for a definition for an "autism-friendly campus." Their feedback will be incorporated into LCC's collegewide autism-friendly campus initiative.

College Night 2023 brings hundreds of guests to Downtown Campus

On Oct. 19, LCC hosted more than 50 colleges and 400 students and families for College Night 2023. LCC staffed four tables, promoting programs at LCC East, the Aviation Technology Program in Mason, Admissions and Academic Advising.

New to College Night this year was the addition of StriveScan, which allowed students and colleges to connect and share contact information. StriveScan eliminated the need for students to fill out a contact card for each college; instead, students shared their QR code with their college of interest so representatives could connect with them later. StriveScan was well received by colleges and students.

Above photo: Tina Seltzer (parent), Katelynn Seltzer (LCC student), Michele Strasz (Capital Area College Access Network), and Toni Glasscoe (LCC)

LCC participates in Future Promise Scholars event

LCC participated in a Future Promise Scholars event on Oct. 19 at Michigan State University. The event was coordinated by the Capital Area College Access Network and attended by 155 Lansing School District seniors. These students learned about the HOPE/Lansing Promise Scholarship and how they can use their scholarship at LCC, Davenport University, Michigan State University or The University of Olivet. After the Future Promise Scholars event, students enjoyed dinner at MSU and then attended LCC's College Night in the Gannon Building.

Performing Arts students entertain community

Current students and alumni of the LCC Jazz Band, led by Jon Gewirtz, held a concert in early September at a new community performance space, Stage One.

The LCC Theatre Program opened its 2023-2024 season with the stirring production of "Isaac's Eye," by Lucas Hnath, directed by LCC Theatre Faculty Andy Callis. The production, based on the early life of Isaac Newton, was highlighted by guest lecturers Alex Azima and Paul Jurczak who spoke to audience members about Newton's background and his experiments with the physics of light.

LCC hosts Non-Profit and Government Agency Fair

Career and Employment Services and Student Life co-hosted this fall's agency fair, promoting community service and internship opportunities in the area. Non-profit community organizations and government offices were invited to Downtown Campus to share volunteer, service and internship information with LCC students and employees.

LCC celebrates Manufacturing Week

On Oct. 2, West Campus kicked off Manufacturing Week activities with a press conference. Speakers included LCC President Steve Robinson, Lansing Mayor Andy Schor, Manufacturing Council Director Cindy Kangas and students, all discussing opportunities and the future of manufacturing careers. During the remainder of the week, students from Lansing and the surrounding area visited manufacturing facilities.

West Campus showcased its Welding, Building Construction and Automotive programs to student visitors from Clinton County RESA and Lansing [WIOA/JMG](#)

Tech Careers visits local schools

A representative from Technical Careers visited East Lansing High School on Oct. 10 and the Virtual Learning Center – West Campus on Oct. 11. Students learned about the various programs offered within the division and the need for tradespeople throughout Michigan and the nation.

Greyhound Central Performance Academy visits West Campus

The Greyhound Central Performance Academy explored opportunities in Technical Careers during their visit to West Campus on Oct. 11. In addition to the Tech Careers presentation and walking tour, they left with a little parting gift from the Welding program - a metal plate where they welded their own initials!

Aviation Maintenance Technology student receives Michigan Reconnect Scholarship

Aviation Maintenance Technology student Joe Mohler received the Michigan Reconnect Scholarship and wrote the following message about his intended use of the scholarship as well as his upcoming career opportunities:

“I was awarded the LCC Technical Careers Scholarship and the Michigan Reconnect Scholarship.

I have used these scholarships to lessen the financial burden of attending college. I come from a background of poverty so I am extremely grateful for these awards.

My overall goal is to find a job that will provide financial security for my family. I’m also looking to enrich my life through my work. I initially started this program to capitalize on my attention to detail

and level of care that has been wasted at every other job I’ve had. I also hope to someday find a way to help those less fortunate than I, either through volunteer work or financial contribution. This program and the scholarships I’ve received have truly been a blessing and I hope to someday repay the favor.

Pending the completion of my background check, I will be hired at Pratt Whitney in Holt. The program here at LCC has already rewarded me with a job in the field, for which I am extremely grateful.”

Above photo: Joe Mohler stands with Interim Technical Careers Dean Shon'ta Dwyer

Technical Careers hosts open house

On Oct. 10, West Campus hosted an open house for prospective students, their families and the community. During the event, attendees had the opportunity to visit various program labs, program tables, resource tables, and see presentations from specific programs, such as Aviation Maintenance Technology). Faculty were on hand to speak directly with prospective students.

LCC hosts its first Community Drone Day

LCC hosted a Community Drone Day on Saturday, Sept. 30, at West Campus. Several speakers presented about how they used drones in their jobs, and WILX attended to explain how drones were used in news reporting, including how locally shot drone footage of the August 2023 tornados was used nationally. An Ingham County Sheriff Deputy spoke about how the Sheriff’s Department was using drones in search and rescue operations, and a representative from a local search and rescue agency shared how drones are able to go where people cannot.

There was a designated flight area where people could fly their personal drones and try flying. Some attendees even came for help troubleshooting their drones. The following faculty and staff were on hand to help in getting the new drone enthusiasts up and flying: Dustin Jermalowicz (Adjunct Faculty for CIT/VAU), Jacob Little (Technical Careers Division Student Employee), Shelley Jeltema (Assistant Professor, CIT / Geospatial Sciences), and two students from the Unmanned Aerial Systems program.

Mid-Michigan Police Academy recruits assist in search for missing toddler

On Oct. 11, recruits from the Mid-Michigan Police Academy assisted in the search for a missing local toddler, Jermaine Jones. The recruits involved in the search had been out late the previous evening training with Director Andy Lindeman and Sgt. Steve Relyea and didn’t get to bed until about midnight.

“The call came to me at 0600 hours from the Clinton County Sheriff’s Office, requesting our help in the search,” Lindeman said. “These recruits were up and on scene within an hour – no questions asked. All of these Mid-Michigan Police Academy recruits represent this academy and their respective agencies with honor and a commitment to public service.”

LCC would like to send condolences to Jermaine Jones’ family and friends, and to recognize the following recruits for their involvement in the search efforts:

- + William Vincent
MSU Police Recruit
- + Ryan Vohwinkle
Ovid Police Recruit
- + Cornelius Brown Jr.
Lansing Police Recruit
- + Aaron Stearns
Lansing Police Recruit
- + Logan Wainman
East Lansing Police Recruit
- + Colins Lemere
East Lansing Police Recruit
- + Immanuel Vaughn-Burtley
Lansing Police Recruit
- + Caleb Graham
Eaton County Sheriff Office

Lincoln Alternative High School visits West Campus

About 20 students from Lincoln Alternative High School in Owosso visited West Campus to learn more about opportunities in Technical Careers. They enjoyed a presentation, campus tour, miniature robot building competition and hands-on tours with HVAC and Automotive programs.

West Campus hosts Second Tech Forward Women in Energy Careers Event

On Oct. 18, LCC hosted its second annual Tech Forward Women in Energy Careers event. Attendees had the opportunity to hear presentations from women in energy careers as well as visit West Campus. Consumers Energy presented to students about their industry and the opportunities available for people in utility energy careers.

Above photo: Students at Tech Forward Women in Energy Careers Creating Energy with Consumers Energy Mobile Lab

Technical Careers visits Dansville High School

On Oct. 16, a representative from Technical Careers spoke with two classes of tech-minded students at Dansville High School and stayed for lunch to answer questions about opportunities in trade careers.

LCC attends Wilson Talent Center Rep Day

Technical Careers was well represented at the Wilson Talent Center Rep Day on Oct. 19. Employees Allison Snyder, Nicole Ross and Brian Skogheim helped welcome the flood of students from various Ingham County schools to the all-day affair.

West Campus hosts Capital Area Manufacturing Council member meeting

On Oct. 16, LCC hosted the Capital Area Manufacturing Council all-member meeting. Meeting sponsors were Rehmann and The Michigan Chamber. Staff from Technical Careers offered a tour of West Campus to interested participants.

Technical Careers Staff Hold Resource Table at Downtown Campus

On Wednesday, October 11, members of the Technical Careers Division hosted a resource table near the Star Zone to share information about the programs within the Technical Careers Division. While there, they networked with current students and staff.

Fire Academy hosts open house

On Oct. 18, Fire Academy Coordinator Tim Baker hosted the Fire Academy open house to provide prospective recruits information about the program. Cost and fees were explained, and LCC resource areas were on-hand to answer questions. Participating LCC areas included:

- + Financial Aid
- + Adult Resource Center
- + Michigan Works!
- + Academic Advisors
- + Academic Success Coaches
- + Veteran and Military Affairs
- + Library/Help Zone
- + The next Fire Academy Open House is planned for April 2024.

Technical Careers Attends Barry County College Fair

On Tuesday, October 27, Nicole Ross of the Technical Careers Division attended a college fair at Hastings High School. Nicole was able to share information on Lansing Community College, and information on the programs offered.

LCC engages industry partners: Penske

On Oct. 10, Technical Careers hosted a member of the Penske team for a tour of the Automotive Lab. While on campus, they were able to speak with the lead faculty member in the Automotive area, as well as the director of Trades Technology about LCC, the program and possible partnerships.

Technical Careers Attends Impression 5 Construction Science Expo

On Oct. 3, Career and Technical Education Specialist Nicole Ross represented the Technical Careers Division at the Impression 5 Construction Science Expo. The event welcomed about 200 middle and high school students from the Lansing Public School District to interact with 60+ industry partners booths and heavy equipment brought for students to try out.

Electrical Utility Lineworker Program holds Family Day

Oct. 24 was the final day of LCC's second nine-week Utility Lineworker Climb School. The program celebrated by hosting a Family Day event, a new tradition that our families and students absolutely love. Family Day allows students to demonstrate the skills they have learned while we honor their commitment to and completion of the program. We also take the opportunity to acknowledge and thank the grandparents, parents, partners and children of our students. It is through their support that our students are able to fully invest in the competitive lineworker training program.

It was a special day for our staff and instructors and the perfect way to wrap up the end of our 2023 class.

Financial Aid Office hosts event at East Lansing High School

The LCC Financial Aid Office hosted an event on Oct. 18 at East Lansing High School with Financial Aid Advisors Kamaria Taylor and Jennifer Hatt. The event provided high school students and their families an overview of how to pay for college, including changes coming to the FAFSA application for the 2024-2025 aid year. Interested students and families also had an opportunity receive individualized financial aid advising. The event provided a variety of resources to help students and families prepare for the transition from high school to college.

LCC EMS students join Be My Neighbor Day event

Students from LCC's Paramedic Program volunteered at WKAR's Be My Neighbor Day on Oct. 24 at Impression 5 Science Museum. This event, based off the television show "Daniel Tiger's Neighborhood," is designed to introduce young children and their families to their neighbors and provide information about all the people who make up a community.

The students - India Brooks, Kalis Greer and Alicia Pesino - chatted with children and their families, demonstrated how the equipment that first responders use helps take care of people in an emergency, and let families try out using blood pressure cuffs, stethoscopes and gauze. They also handed out first aid coloring books, pens and character stickers.

Conference Services report of October events

Downtown Campus

Oct. 4

Insurance and Risk Management

Insurance and Risk Management hosted a mock interview session for students in the Michigan Room for 30 people .

Non-Profit Fair

Non-Profit Fair was held in the Gannon Highway for students to meet with vendors .

Small Business Development Center (SBDC) impact metrics for January 1 to October 24, 2023

Consulted with 440 business clients to start or grow their businesses:

- + Delivered a total of 2,694 consulting hours
- + Helped those clients secure \$5,571,057 of new capital to launch or grow
- + Helped create 35 new businesses
- + Helped create 98 new jobs
- + Delivered 19 trainings to 116 training participants
- + Non-distinct headcount: 1,763

SBDC Presented Holiday Merchandising on Oct. 10

SBDC co-sponsors the monthly business training at Downtown Lansing Inc.'s retail incubator, Middle Village Micro Market. Downtown Lansing Inc.'s Director of Community Development, Julie Reinhardt, delivered "Holiday Merchandising" to the Middle Village audience. This informative presentation gave the attendees ideas on how to display their merchandise during the holiday season to drive sales. Participants were engaged and commented on the different examples of displays and how effective they thought they would be for their businesses.

SBDC Client Elderly Instruments Awarded America's Top Small Business Grand Prize

Congratulations to Elderly Instruments for winning the 2023 America's Top Small Business grand prize given by the US Chamber of Commerce! SBDC is honored to have worked with Elderly for the past eight-plus years providing business support. Elderly Instruments has been a fixture of the Lansing music scene for more than 50 years. Lansing Regional Chamber President Tim Daman commented, "their dedication to making music accessible to everyone and their commitment to diversity and inclusion in the music industry is truly remarkable." In 2021, the SBDC awarded Elderly the Best Small Business award for the Capital Region. We wish them many more years of success!

SBDC Senior Consultant Darryl Horton attended Mid-Michigan Diversity Business Summit on Oct. 17

Senior Consultant Darryl Horton, attended the Mid-Michigan Diversity Business Summit representing the SBDC. This event brought together a group of experts to provide innovative insights and growth opportunities for local small business owners and startups. The event promoted embracing diversity as a strategy to help business owners improve their revenue and job count.

Small Business Development Center (SBDC) Regional Director Speaks to LCC’s American Marketing Association

“I got connected through a mutual friend, In celebration of entrepreneurship week, Regional Director Laurie Lonsdorf was asked to speak to LCC’s American Marketing Association (AMA) club. She covered the steps to starting a business, the importance of developing business plans and some of the pitfalls that business owners should avoid. This engaged group of attendees included several interested future business owners as well as long-time entrepreneurs.

LCC East and the Extension Centers

- + The LCC East Coordinator represented both extension centers at College Night, held in the Gannon Commons on October 19. The Coordinator spoke with 25 prospective students and parents, several from Fowlerville and Howell.
- + LCC East conducted a fire evacuation drill as part of emergency preparedness. LCC East also brought its first aids kits up to ANSI Class A standards.
- + LCC East began participating in the Pop-Up Pantry program, providing free lunch and snack items to students who can’t afford to purchase or bring lunch.
- + The LCC East Coordinator talked with Laura Wise, MSU Program Director for Envision Green, about ways in which LCC East can promote the program that smooths the transition between LCC and MSU.
- + The LCC East Coordinator, as President of the Michigan Association of Regional Community College Centers (MARCCC), updated the association constitution and by-laws in preparation for the next statewide conference in June.

LCC Continuing Education

In partnership with MIOSHA, Continuing Education offered Parts 35, 90, 490 Confined Spaces in Construction and Permit Required Confined Spaces in General Industry training. Participants came from across industries and companies such as Davenport Masonry, Kamax, Gerdau, Wolverine Power Cooperative, and Lansing Board of Water and Light. The goal of the training was to provide instruction on how to work more safely.

The Business and Community Institute Trained Diversified Tooling in Leadership

Diversified Tooling selected the BCI to deliver 16 hours of Leadership Training to two groups at their Grass Lake location. Training included the following modules – Communication: Connect Through Conversation, DiSC, Your Leadership Journey, and Attitude is Everything.

The Business and Community Institute Trained M. C. Molds in Analytics

M.C. Molds selected the BCI to deliver eight hours of Analytics training at the LCC West Campus. After an introduction to a structured Analytics Process Model, participants learned to apply these steps through collaborative scenarios and conduct analysis projects using Microsoft Excel. This experiential approach provided a foundational understanding of analytics, with an emphasis on collecting, interpreting, and presenting data.

The Business and Community Institute Trained MWC (Glanbia) in Excel

MWC selected the BCI to deliver four hours of Excel Training at the LCC West Campus. This training was customized to provide accelerated training in specific Excel functions necessary for business operations.

The Business and Community Institute trained MWC Glanbia in Six Sigma Green Belt

MWC selected the BCI to deliver 40 hours of Six Sigma Green Belt Training in St. Johns, MI. This five-day course was for individuals preparing for the American Society for Quality (ASQ) Certified Six Sigma Greenbelt exam (CSSGB), and is based on the CSSGB Body of Knowledge. The training taught a structured approach to improve the quality of products and services, outcomes, and bottom line by identifying and removing the causes of defects and errors, minimizing variability, and improving workflow in business processes. During this training participants became familiar with “SMED/QCO”, “5S”, “Jidoda”, “Kaizen”, and “Lean Simulation”, which is activity-based and showcases the power and utility of Lean manufacturing principles, tools and techniques. Participants completed activities and used the “Lean Sim Machine” to experience the breakthrough improvement possibilities with Lean.

The Business and Community Institute Trained MWC Glanbia in Lean

MWC selected the BCI to deliver 40 hours of Lean Improvement Training at their location. During this five-day training, participants learned the principles, tools and techniques for continuous improvement. This course also introduced the Shingo model for excellence. The model is based on four dimensions: culture, continuous process improvement, systems alignment, and results. Participants selected a process or area in the facility to which they made dramatic improvements.

The Business and Community Institute Trained MWC (Glanbia) in PowerPoint

MWC selected the BCI to deliver four hours of PowerPoint Training at West Campus. This training was customized to provide accelerated training in specific Excel functions necessary for business operations.

The Business and Community Institute Trained MWC in Time Management

MWC selected the BCI to deliver eight hours of Time Management Training at the LCC West Campus. This training was customized to provide accelerated training.

The Business and Community Institute Trained members of the Peninsula Fiber Network in Lineworker Safety

The BCI provided training through the Peninsula Fiber Network. Midwest Energy & Communications and Winn Telecom each sent employees to be trained in Lineworker Safety. This 40-hour course presents students with the basic knowledge of climbing utility poles. Course participants learned pole climbing and rescue techniques with a continuous emphasis on identifying and preventing hazards associated with this type of work.

The Business and Community Institute Trained members of the MOTA and CATA in Leadership

The BCI provided training for the Mecosta Osceola Transit Authority (MOTA) and Capital Area Transit Authority (CATA) in Effective Leadership. This training was tailored towards advancing leadership. The subject areas included a DiSC assessment, topics in Communication, Resolving Workplace Conflict, Attitude is Everything, Coaching: Move People Forward, Building and Sustaining Trust, Leading Teams: Achieve More Together, and Driving Change. Leaders were inspired to be fully engaged in this highly interactive and hands-on program.

The Business and Community Institute Trained employees of Dunnage Engineering in Leadership

The BCI provided training for the Dunnage Engineering in Emerging Leaders. This Emerging Leaders training was customized exclusively for Dunnage Engineering, including topics related to those with developing leadership skills such as workplace communication, navigating conflict, and workplace attitudes.

The Business and Community Institute Trained REV Spartan Fire and Chassis in Excel

REV selected the BCI to deliver eight hours of Excel Level 1 training at the LCC West Campus. This course started with the basic concepts and skills in Microsoft Excel, and then built on these to provide more advanced tools to solve real-world problems and analyze and present complex, realistic data.

The Business and Community Institute Trained RSDC in Leadership

RDSC of Michigan selected the BCI to provide 16 hours of Leadership training to two groups of personnel at their location in Holt. This course equipped participants to manage themselves as well as people and projects. It blended self-analysis, facilitator-led group discussions, lively and practical exercises, and best practice theory. Participants learned simple steps to become a mentor who works with others to achieve more in their professional lives.

The Business and Community Institute Trained RSDC in Metallurgy

RDSC of Michigan selected the BCI to provide eight hours of Metallurgy training at their location in Holt. This training provided participants with the scientific principles needed to understand the metallurgy of aluminum-based casting alloys. The primary purpose of this course was to facilitate an understanding of the chemical and thermal fundamentals that control structures formed during aluminum solidification. Topics included phase diagrams, thermal analysis, material segregation, dendritic solidification, and heat treatment.
