Our Mission:

To enhance the opportunity for fire service training, to prepare our students to serve their community with safety and competence, and to provide a model of excellence for fire service instruction.
Attached, you will find documents necessary for completing the process for the Fire Academy. The Fire Academy program is 16 weeks in length. The Academy consists of two Fire Science classes and one physical fitness class. These classes meet Monday through Friday from 7:30 am to 12:45 pm.

The Fire Academy requires departmental approval. All admission procedures are coordinated through the Fire Academy Office, which has the responsibility for distributing, receiving, and dating application forms.

Complete the following steps to apply for admittance to the Fire Academy:

**APPLY FOR ADMISSION TO LCC**
If you are not already a student at LCC, apply for admission to LCC at the Admissions Office in Room 2200 of the Gannon Building on the main campus, at the West campus Student Services, or online at [www.lcc.edu](http://www.lcc.edu)

**ORIENTATION**
New students are required to complete orientation prior to registering for courses. Orientation is free and can be completed on-line or in person. For more information, including frequently asked questions, visit our website or call the Welcome Center at the number below.
Call (517)483-1957 or visit [www.lcc.edu/orientation](http://www.lcc.edu/orientation)

**BASIC SKILLS TEST**
Take the following two tests in the Assessment Lab in Room 2100 of the Gannon Building on the main campus or at Student Services on the West campus. Your test results must meet the required levels for Reading and Writing. **The required levels are listed below:**

- **READING LEVEL 5**
- **WRITING LEVEL 4**

The phone number for the Assessment Center is 517-267-5500.

**SUBMIT THE FOLLOWING REQUIRED FORMS TO THE FIRE ACADEMY OFFICE**

- Completed Departmental Information Form
- Completed and signed Waiver of Liability Form
- Completed and signed Physical Examination Form (Signed by you and your Physician)
- Respirator Medical Evaluation Questionnaire (Signed by you and your Physician)
- Copy of your valid Michigan Drivers License or Michigan ID Card
- Verification of medical insurance coverage. (Copy of your insurance card)
SUBMIT ALL FORMS TO:
MAILING ADDRESS
Lansing Community College
3500W Public Service Careers
ATTN: Fire Academy
PO Box 40010
Lansing, MI 48901-7210

Or deliver in person to the West Campus Public Service Careers Office Room M127 –
ATTN: Fire Academy

OTHER ACADEMY REQUIREMENTS
• 18 years of age
• No felony record

GENERAL INFORMATION
Approximate cost for your tuition and course fees in the Fire Academy are listed below: This
does not include any tuition increases.

Signature of Release/Date
Recruit Firefighter ______________________________ is preparing to attend the Lansing Community College Fire Academy. This Academy, part of the Regional Fire Training Center, is designed to expose the applicant to all of the rigors of fire suppression. The Recruit will be involved in, but not limited to, the following examples of severe physical exertion:

A. Physical Training consisting of running, situps, pushups, etc.
B. Carrying heavy weights including hose, vent fans, 150 lb dummies
C. Climbing 100’ ladders, Confined Space Entry
D. Extensive use of self contained breathing apparatus
E. Entry into and working in encapsulating suits
F. Similar forms of physical exertion

The Recruit must be in physical condition to accomplish and sustain this type of physical rigor throughout the Academy.

In my medical opinion, Recruit Firefighter ______________________________

_____ IS MEDICALLY/PHYSICALLY CAPABLE

_____ IS NOT MEDICALLY/PHYSICALLY CAPABLE

of attending and participating in the rigorous physical activity of the Fire Academy

__________________________  ______________
Physician                        Date

Office Address: ____________________________

Office Phone: ____________________________

If further information is desired concerning Medical Requirements for Firefighters, please refer to the National Fire Protection Association Standard 1582, or call the Lansing Community College Fire Science Office, (517) 483-1394.
LANSING COMMUNITY COLLEGE’S
RESPIRATOR MEDICAL EVALUATION QUESTIONNAIRE
JOB TASK ANALYSIS

Purpose: This job task analysis is in response to Lansing Community College’s Respiratory Protection Program. The Lansing Community College’s Respiratory Protection Program requires the Fire Academy applicant to complete a physical medical exam at the Professional Licensed Health Care Provider (PLHCP) of their choice. The Fire Academy Applicant must complete a medical evaluation questionnaire about previous injuries, illnesses, exposures to hazardous, or other toxic substances. This job task analysis is provided for the knowledge of the Fire Academy student and PLHCP, so they are aware of the physical requirements that will be performed while wearing a respirator or self contained breathing apparatus, SCBA during Fire Academy training functions.

I. THE STUDENT WILL BE EXPECTED TO PERFORM:

A. With fire fighting ensemble and SCBA on that weights 75 pounds
   - Cutting holes in pitched roofs elevated off the ground
   - Raising, lifting, and carrying ladders that weigh 75 – 100 pounds
   - Carry victims down ladders that weigh 120 – 250 pounds
   - Drag victims that weigh 120 – 250 pounds from rooms
   - Drag victims that weigh 120 – 250 pounds up and down stairs
   - Pulling charged hose
   - Pull charged and uncharged hose lines up several stories with ropes
   - Advance charged and uncharged hose lines up and down stairs and into rooms
   - Lift hose that weighs 35 – 50 pounds
   - Roll hose
   - Lift and use extrication equipment that weighs 35 – 75 pounds
   - Enter a restricted space
   - Enter a dark environment
   - Wear Level A and B hazardous material suits
   - Enter a high temperature (200° - 1500° F) at low visibility environment
   - Open windows with forcible entry tools
   - Open doors with forcible entry tools
   - Tie 8 different knots
   - Perform search patterns in limited visibility
   - Perform rescues in limited visibility
   - Extinguish and suppress A and B fire classifications
   - Advance a charged hoseline that provides 120 psi
   - Advance charged 1 ¾, 2 ½, and 5 inch hose lines
   - Connect hose lines to hydrants and fire apparatus
   - Connect hose lines for drafting
   - Erect portable ponds for drafting
   - Enter confined space
   - Apply foam with charged hose line operating at 200 psi
   - Extinguish flammable liquid fire with ABC dry chemical, CO₂, and pressurized water extinguishers.
   - Extinguish liquid propane gas fire as a member of a charged hose line team
   - Don and Doff SCBA
   - Don SCBA under 75 seconds
   - Don turn out gear under 2 minutes

II. STUDENT WILL BE EXPECTED TO PERFORM:

A. In physical fitness attire
   - Running five (5) under 60 minutes
   - Climb over 1,200 stairs in 60 minutes
   - Complete 100 pushups
   - Lift up to 50 – 100 pounds of weight

III. EQUIPMENT

- Axes
- Ladders
- Hose
- SCBAs
- Turn out gear
- Hazmat level A and B suits (A is encapsulated suit)
- Ropes
- Gas powered saws, fans, and generators
- Lights
- Nozzles
- Wrenches
- Hydrants
- Portable pond
- Fire truck
- Pry bars
- Pike poles
- Extrication spreaders, cutters, rams, and hydraulic pump
- Jacks, airbags, cribbing, and cutting tools
- Back boards
- Stretchers

IV. ENVIRONMENT

- Extreme elevated and cold temperatures -30° F - 1500° F
- Elevated humidity
- Limited visibility
- Restricted spaces
- Thick smoke
- Elevated heights
- Confined space
- Sub terrain
- Lift 50 – 250 pounds
- Breathing from limited air supply while performing physical activities
- Sunny conditions
- Windy conditions
- Rainy conditions
- Snowy conditions
- Icy conditions
- Slippery conditions
- Stressful conditions
Lansing Community College
Respirator Medical Evaluation Questionnaire

- **Standard Number:** 29CFR1910.134 Appendix C
- **Standard Title:** OSHA Respirator Medical Evaluation Questionnaire (Mandatory)
- **Subpart Number:** I
- **Subpart Title:** Personal Protective Equipment

**Appendix C to Sec. 1910.134: OSHA Respirator Medical Evaluation Questionnaire (Mandatory)**

To the Physician:
The answers to these questions should guide your physical exam for this individual. They will be challenged physically and mentally during the Lansing Community College’s Regional Fire Training Academy. They will be required to lift and carry bodies; lift and carry ladders; lift and carry auto extrication equipment; work in an environment over 300 °F; rain; cold; wind; snow; and ice. They will be required to do this work with approximately 75 lbs. of equipment on them for up to four (4) hours each day.

To the Recruit:

Can you read (circle one): Yes/No

You must have your Physician or other Licensed Health Care Professional (PLHCP) review this form with you.

Part A. Section 1. (Mandatory) The following information must be provided by every recruit who will enter into the Lansing Community College Fire Academy Program and use a Self Contained Breathing Apparatus (SCBA).

Please print legibly when completing this form.

1. Today’s date: ____________________________
2. Your name: ____________________________
3. Your age: ____________________________
4. Sex (circle one): Male/Female
5. Your height: _________ ft. _________ in.
6. Your weight: __________ lbs.
7. A phone number where you can be reached by the health care professional who reviews this questionnaire (include the Area Code): ____________________________
8. The best time to phone you at this number: ____________________________
9. Your PLHCP has reviewed this form with you? (circle one) Yes/No
10. The type of respirator you will be using is: An open circuit SCBA.
11. Have you ever worn a respirator (circle one): Yes/No

If “yes,” what type(s): ____________________________________________

Part A. Section 2. (Mandatory) Questions 1 through 9 below must be answered by every recruit who will be using any type of respirator (please circle “yes” or “no”).

1. Do you **currently** smoke tobacco, or have you smoked tobacco in the last month: Yes/No
2. Have you ever had any of the following conditions?
   a. Seizures (fits): Yes/No
   b. Diabetes (sugar disease): Yes/No
   c. Allergic reactions that interfere with your breathing: Yes/No
   d. Claustrophobia (fear of closed-in places): Yes/No
   e. Trouble smelling odors: Yes/No

3. Have you ever had any of the following pulmonary or lung problems?
   a. Asbestosis: Yes/No
   b. Asthma: Yes/No
   c. Chronic bronchitis: Yes/No
   d. Emphysema: Yes/No
   e. Pneumonia: Yes/No
   f. Tuberculosis: Yes/No
   g. Silicosis: Yes/No
   h. Pneumothorax (collapsed lung): Yes/No
   i. Lung cancer: Yes/No
   j. Broken ribs: Yes/No
   k. Any chest injuries or surgeries: Yes/No
   l. Any other lung problems that you’ve been told about: Yes/No

4. Do you currently have any of the following symptoms of pulmonary or lung illness?
   a. Shortness of breath: Yes/No
   b. Shortness of breath when walking fast on level ground or walking up a slight hill or incline: Yes/No
   c. Shortness of breath when walking with other people at an ordinary pace on level ground: Yes/No
   d. Have to stop for breath when walking at your own pace on level ground: Yes/No
   e. Shortness of breath when washing or dressing yourself: Yes/No
   f. Shortness of breath that interferes with your job: Yes/No
   g. Coughing that produces phlegm (thick sputum): Yes/No
   h. Coughing that wakes you early in the morning: Yes/No
   i. Coughing that occurs mostly when you are lying down: Yes/No
   j. Coughing up blood in the last month: Yes/No
   k. Wheezing: Yes/No
   l. Wheezing that interferes with your job: Yes/No
   m. Chest pain when you breathe deeply: Yes/No
   n. Any other symptoms that you think may be related to lung problems: Yes/No

5. Have you ever had any of the following cardiovascular or heart problems?
   a. Heart attack: Yes/No
   b. Stroke: Yes/No
   c. Angina: Yes/No
   d. Heart failure: Yes/No
   e. Swelling in your legs or feet (not caused by walking): Yes/No
   f. Heart arrhythmia (heart beating irregularly): Yes/No
   g. High blood pressure: Yes/No
   h. Any other heart problem that you’ve been told about: Yes/No

6. Have you ever had any of the following cardiovascular or heart symptoms?
   a. Frequent pain or tightness in your chest: Yes/No
   b. Pain or tightness in your chest during physical activity: Yes/No
   c. Pain or tightness in your chest that interferes with your job: Yes/No
   d. In the past two years, have you noticed your heart skipping or missing a beat: Yes/No
   e. Heartburn or indigestion that is not related to eating: Yes/No
   f. Any other symptoms that you think may be related to heart or circulation problems: Yes/No
7. Do you currently take medication for any of the following problems?
   a. Breathing or lung problems: Yes/No
   b. Heart trouble: Yes/No
   c. Blood pressure: Yes/No
   d. Seizures (fits): Yes/No

8. If you’ve used a respirator, have you ever had any of the following problems? (If you’ve never used a respirator, answer (a) no and go to question 9):
   a. Have you ever used a respirator: Yes/No
   b. Eye irritation: Yes/No
   c. Skin allergies or rashes: Yes/No
   d. Anxiety: Yes/No
   e. General weakness or fatigue: Yes/No
   f. Any other problem that interferes with your use of a respirator: Yes/No

You must answer Questions 9 – 14.

9. Have you ever lost vision in either eye (temporarily or permanently): Yes/No

10. Do you currently have any of the following vision problems?
    a. Wear contact lenses: Yes/No
    b. Wear glasses: Yes/No
    c. Color blind: Yes/No
    d. Any other eye or vision problem: Yes/No

11. Have you ever had an injury to your ears, including a broken ear drum: Yes/No

12. Do you currently have any of the following hearing problems?
    a. Difficulty hearing: Yes/No
    b. Wear a hearing aid: Yes/No
    c. Any other hearing or ear problem: Yes/No

13. Have you ever had a back injury: Yes/No

14. Do you currently have any of the following musculoskeletal problems?
    a. Weakness in any of your arms, hands, legs, or feet: Yes/No
    b. Back pain: Yes/No
    c. Difficulty fully moving your arms and legs: Yes/No
    d. Pain or stiffness when you lean forward or backward at the waist: Yes/No
    e. Difficulty fully moving your head up or down: Yes/No
    f. Difficulty fully moving your head side to side: Yes/No
    g. Difficulty bending at your knees: Yes/No
    h. Difficulty squatting to the ground: Yes/No
    i. Climbing a flight of stairs or a ladder carrying more than 25 lbs: Yes/No
    j. Any other muscle or skeletal problem that interferes with using a respirator: Yes/No

Part B Any of the following questions, and other questions not listed, may be added to the questionnaire at the discretion of the health care professional who will review the questionnaire.

1. In your present job, are you working at high altitudes (over 5,000 feet) or in a place that has lower than normal amounts of oxygen: Yes/No

If “yes” do you have feelings of dizziness, shortness of breath, pounding in your chest, or other symptoms, when you’re working under these conditions: Yes/No

2. At work or at home, have you ever been exposed to hazardous solvents, hazardous airborne chemicals (e.g. gases, fumes, or dust), or have you come into skin contact with hazardous chemicals: Yes/No

If “yes”, name the chemicals if you know them: __________________________________________
_________________________________________
3. Have you ever worked with any of the materials, or under any of the conditions, listed below:
   a. Asbestos: Yes/No
   b. Silica (e.g., in sandblasting): Yes/No
   c. Tungsten/cobalt (e.g., grinding or welding this material): Yes/No
   d. Beryllium: Yes/No
   e. Aluminum: Yes/No
   f. Coal (for example, mining): Yes/No
   g. Iron: Yes/No
   h. Tin: Yes/No
   i. Dusty environments: Yes/No
   j. Any other hazardous exposures: Yes/No

If “yes,” describe these exposures: ________________________________________________
____________________________________________________________________________
____________________________________________________________________________

4. List any second jobs or side businesses you have: __________________________________
_____________________________________________________________________________

5. List your previous occupations: _________________________________________________
_____________________________________________________________________________

6. List your current and previous hobbies: ___________________________________________
_____________________________________________________________________________

7. Have you been in the military services: Yes/No

If “yes” were you exposed to biological or chemical agents (either in training or combat): Yes/No

8. Have you worked on a HAZMAT team? Yes/No

9. Other than medications for breathing and lung problems, heart trouble, blood pressure, and seizures mentioned earlier in this questionnaire, are you taking any other medications for any reason (including over-the-counter medications): Yes/No

If “yes” name the medications if you know them:___________________________________

10. You will be expected to use the respirator up to 4 hours per day.

11. During the period you are using your respirator in your class your work effort is considered Heavy (above 350 kcal per hour).

Examples of heavy work are lifting a heavy load (about 50 lbs or more) from the floor to your waist or shoulder; climbing stairs with a heavy load (about 50 lbs or more).

12. You will be wearing protective clothing and/or equipment (other than the respirator) when you are using your respirator. Full firefighter turn out gear – coat, pants, boots, hood, gloves and helmet on top of street clothes with the SCBA.

13. You will be working under hot conditions (temperature exceeding 77 deg. F).

14. You will be working under humid conditions.

15. The work and any special or hazardous conditions you might encounter while using your respirator are: climbing ladders, confined spaces, fire suppression activities, hazardous material suits, carrying victims, chopping holes with an axe on slanted roofs.

16. The following information, is about the toxic substances that you’ll be exposed to when you’re using your respirator:
Name of toxic substance: **Carbon Monoxide**
Estimated maximum exposure level per training session: **1,000 ppm**
Duration of exposure per training session: **10 minutes**

Name of toxic substance: **ABC Fire Extinguisher Powder**
Estimated maximum exposure level per training session: **550 ppm**
Duration of exposure per training session: **10 minutes**

Name of toxic substance: **Smoke**
Estimated maximum exposure level per training session: **1,000 ppm**
Duration of exposure per training session: **10 minutes**

The names of other toxic substances that you’ll be exposed to while using your respirator: Class B Foam, Gasoline, Fuel Oil, Bar Chain Oil, Bleach, Hydraulic Oil, Anti-Fog solution for SCBA mask

17. Describe any special responsibilities you’ll have while using your respirator that may affect the safety and well-being of others: **Rescue and Fire Suppression Activities**.
