The President shall (1) not allow or cause any contractual obligation longer than the current fiscal year, or create the probability of financial liability for the college (2) including employing an administrator under a contract for longer than a 1 year duration, which is outside the established parameters set by Board policy unless otherwise explicitly provided for by action of the Board of Trustees.

POLICY TITLE: STAFF TREATMENT

With respect to treatment of all staff, the President may not cause or allow conditions which are inhumane, unsafe, unfair or undignified, as defined by state or federal law, and Board and college policies and contracts.

Accordingly, the President shall:

2. Not discriminate against any staff member for dissent expressed in an ethical manner and appropriate forum.

3. Not prevent staff from grieving to the Board when (A) internal grievance procedures have been exhausted and (B) the employee alleges either (i) that Board policy has been violated to his or her detriment or (ii) that Board policy does not adequately protect his or her legal rights. Such right to grieve to the Board shall exist for any employee not otherwise governed by a collective bargaining which provides for a different grievance process, in which case the grievance shall go to the designated body/individual.

4. Notify staff of their rights under this policy and obtain a signed acknowledgement for each employee’s personnel records.

5. Not unlawfully discriminate on the basis of race, color, sex, age, religion, national origin, disability, handicap, pregnancy, marital status, height, weight, citizenship or sexual orientation.

Accordingly, the President shall present a proposed budget which:

1. Contains sufficient information, in accordance with policy direction established by the Board of Trustees, to enable credible projection of revenues and expenses, separation of capital and operational items, cash flow, and disclosure of planning assumptions.

2. Plans the expenditure in any fiscal year of no more funds than are conservatively projected to be received.

3. Presents a budget for the general operating fund which would project fund balance to fall below a reasonable level, with a goal of ten percent of the college's operating budget.

4. Presents a reasonable and prudent plan to assure the fiscal soundness of future years and provides for the building of organizational capability sufficient to achieve ends in future years.

5. Includes consideration of multiple year long-range administrative plans.

6. Presents sufficient comparative financial and enrollment data to allow the Board and others to make accurate and ready comparisons of budget to actual data for prior fiscal years and to assess the reasonableness of projections for the proposed budget.

Accordingly, the President may not:

2. Indebt the organization in an amount greater than can be repaid by certain, otherwise unencumbered revenues within 60 days.

7. Receive, process or disburse funds under controls which are insufficient to meet the Board-appointed auditor’s standards.

11. Fail to subject all contracts for goods and services to a periodic cycle of review for quality and cost, including an assessment of the market through a formalized bid process.

12. Award a contract or purchase order in excess of $100,000. In cases where delaying a purchase for Board decision until the next regularly scheduled Board meeting or until a special meeting is called would result in an undue expense or in cases of an emergency, “emergency” defined as: an unforeseen combination
of circumstances resulting in a state that calls for immediate action; a sudden crisis requiring action; an unexpected and sudden event that must be dealt with urgently], the President will inform the Board Chairperson or his/her alternate of the need to proceed with a purchase and request his/her approval. A special meeting of the Board will be called if reasonably possible. If a special meeting cannot be scheduled, because of the urgency of the situation, every effort will be made to contact all Board members to seek their input prior to final approval being given by the Board Chair or his/her alternate. 1. Provide information and advice to the Board that has significant gaps in timeliness, completeness or accuracy.

2. Let the Board be unaware of relevant trends, anticipated adverse media coverage, material external and internal changes, and particularly changes in the assumptions upon which any Board policy has previously been established.

POLICY TITLE: GOVERNANCE COMMITMENT

The Board, on behalf of residents, now and in the future, of the Lansing Community College district, will lead LCC with a strategic perspective, rigorously attending to its leadership role and the continuous improvement of its capability as a body to define values and vision.

The Board will exercise the due diligence and prudence necessarily called for under the guidance issued for community colleges relative to Sarbanes- Oxley. Such due diligence shall be done do so in a manner consistent with policy oversight and with due consideration for the appropriate separation of policy and oversight responsibilities from daily operational responsibilities of the president and administration.

Revised: May 15, 2006
The Board will govern with an emphasis on (a) outward vision and strategic leadership rather than an internal preoccupation of administrative detail, (b) encouragement of diversity in viewpoints, (c) clear distinction of Board and Presidential roles, (d) collective rather than individual decisions, (e) future rather than past or present, and (f) active rather than reactive.

The Board will:

1. Cultivate a sense of group responsibility. The Board, not the staff, will be responsible for excellence in governing. The Board will be an initiator of policy, not merely a reactor to staff initiatives. The Board will use the expertise of individual members to enhance the ability of the Board as a body, rather than to substitute the individual judgments for the Board's values.

2. Direct, control and lead the organization through the careful establishment of broad written policies which reflect the Board's values and perspectives while simultaneously providing sufficiently specific direction to allow adequate monitoring and oversight by the Board. The Board's major focus will be on the intended long-term impacts outside the operating organization (Ends), and the parameters for the administrative or programmatic means of attaining those effects.

3. Enforce upon itself whatever discipline is needed to govern with excellence. Self-discipline will apply to matters such as attendance, policy-making principles, respect of roles, speaking with one voice, and ensuring continuity of governance capability. Continuous Board development will include orientation of new members in the Board's governance process and periodic Board discussion of process improvement. The Board will allow no officer, individual or committee of the Board to hinder or be an excuse for not fulfilling its commitments.

4. Monitor and discuss the Board's process and performance at each meeting. Self-monitoring will include comparison of Board activity and adherence to policies in the Governance Process and Board-President Relationship categories.

5. Operate under Robert's Rules of Order, as stated in the bylaws.

Revised: May 15, 2006
The work of the Board is to serve as trustees for the residents, now and in the future, of the LCC district in determining and achieving appropriate organizational performance. To distinguish the Board's own unique job from the jobs of its staff, the Board will concentrate its efforts on the following job "products" or outputs:

1. The link between the organization and the residents of the LCC district.

2. Clarity of values and vision in written governing policies which, at the broadest levels, address:
   
   A. **Ends**: Organizational products, impacts, benefits, outcomes, recipients, and their relative worth (what good, for which needs, at what cost).
   
   B. **Executive Limitations**: Constraints on executive authority which establish the prudence and ethics boundaries, as well as financial parameters and other policy parameters set by the Board, within which all executive activity and decisions must take place.
   
   C. **Governance Process**: Specification of how the Board conceives, carries out and monitors its own task.
   
   D. **Board-President Relationship**: How power is delegated and its proper use monitored with specific goals and performance measurement criteria; the Presidential role, authority and accountability,

3. The assurance of organizational performance (as described for the President in 2A and 2B above and as described for the Board in 2C and 2D above).

4. Contributions of time and energy towards fundraising and college development in cooperation with the President.

5. Contributions of time and energy towards legislative impact in cooperation with the President.

Revised: May 15, 2006
POLICY TITLE: **CHAIR’S ROLE**

The work of the Chairperson is primarily to assure, the integrity of the Board’s process and, secondarily, on occasion to represent the Board to outside parties. The chairperson is the only Board member authorized to speak for the Board (beyond simply reporting Board decisions), other than in rare and specifically authorized instances.

1. The work output of the Chair is that the Board functions consistently within its own rules and those legitimately imposed upon it from outside the organization.
   
   A. Agenda items which require Board action will only include issues which, according to Board policy, clearly belong to the Board to decide, not the President.
   
   B. Deliberation will be fair, open, and thorough, but also efficient, timely, orderly, and kept to the point.

2. The authority of the Chair consists in making decisions that fall within the topics covered by Board policies on Governance Process and Board-President Relationship, except where the Board specifically delegates portions of this authority to others. The Chair is authorized to use any reasonable and prudent interpretation of the provisions in these policies.
   
   A. The Chair is empowered to chair Board meetings with all the commonly accepted responsibilities of that position (e.g., ruling, recognizing), and encourage input from all Board members in order to make informed decisions.
   
   B. The Chair has no authority to make decisions about policies created by the Board within Ends and Executive Limitations policy areas. Therefore, the Chair has no authority to supervise or direct the President.
   
   C. The Chair may represent the Board to outside parties in announcing Board-stated positions and in stating Chair decisions and interpretations within the area delegated to him or her.

Revised: May 15, 2006
Board committees, when used, will be assigned so as to minimally interfere with the wholeness of the Board's job and so as not to interfere with delegation from Board to President. Committees will be used sparingly, and only when other methods have been deemed inadequate.

1. Board committees are to help the Board do its job, not to help the staff do its jobs. Committees ordinarily will assist the Board by preparing policy alternatives and implications for Board deliberation. Board committees are not created by the Board to advise staff.

2. Board committees may not speak or act for the Board except when formally given such authority for specific and time-limited purposes. Expectations and authority will be carefully stated in order not to conflict with authority delegated to the President.

3. Board committees cannot exercise authority over staff. Because the President works for the full Board, the President will not be required to obtain approval of a Board committee before an executive action. In keeping with the Board's broader focus, Board committees will normally not have direct dealings with current staff operations except as necessary to obtain information or assistance required to fulfill their board designated functions.

4. Board committees are to avoid over-identification with organizational parts rather than the whole.

5. This policy applies only to committees which are formed by Board action, whether or not the committees include non-Board members. It does not apply to committees formed under the authority of the President.

Revised: May 15, 2006
A committee is a Board committee only if its existence and charge come from the Board, regardless whether Board members sit on the committee. The only standing Board committees are those which are set forth in this policy and appropriately chartered with clear product, authorities, timelines, and staff considerations.

1. Executive Committee: Shall consist of the Officers of the Board of Trustees, i.e.: Chairperson, Vice Chairperson, Secretary, and Treasurer. The Executive Committee shall have the power and authority designated by the Board by-laws;

2. Audit Committee: Review of all reports from the independent auditor; preparation of audit specifications and review of audit RFP responses; handling of anonymous or confidential allegations with referral to either internal or external auditors if appropriate;

To accomplish its job outputs with a governance style consistent with Board policies, the Board will follow an annual agenda which (a) completes a re-exploration of Ends policies annually and (b) continually improves its performance through attention to Board education and to enriched input and deliberation.

1. The cycle will conclude each year on the last day of December in order that administrative budgeting can be based on accomplishing a one year segment of the most recent Board long-range vision. Long range planning will be addressed annually.

   In December, the Board will develop its agenda for the ensuing one year period.

2. Education, input and deliberation will receive paramount attention in structuring the series of meetings and other Board activities during the year.

   To the extent feasible, the Board will identify those areas of education and input needed to increase the level of wisdom and forethought it can give to subsequent choices.

3. The sequence derived from this process for the Board planning year is as follows:

   **January:**
   - Organizational meeting held at the first meeting of the Board in January following the date of the regular College District election. See Board Bylaw 1.4.2

POLICY TITLE: BOARD MEMBERS’ CODE OF CONDUCT

The Board commits itself and its members to ethical and professional conduct. This commitment includes proper use of authority and appropriate decorum when acting as Board members.

1. Board members must present non conflicting loyalty to the best interests of the college, its students and the taxpayers. This loyalty must supersede any conflicting loyalty such as that to advocacy or interest groups and membership on other Boards or staffs. This accountability supersedes the personal interest of any Board member acting as an individual consumer of the organization’s services.

2. Board members must avoid any conflict of interest with respect to their fiduciary responsibility.
   A. There must be no self-dealing or any conduct of private business or personal services between any Board member and the organization except as procedurally controlled to assure openness, competitive opportunity and equal access to “inside” information.
   B. When the Board is to decide upon an issue, about which a member has an unavoidable conflict of interest, that member shall absent herself or himself without comment from not only the vote, but also from the deliberation.
   C. Board members must not use their position to obtain employment in the organization for themselves, family members or close associates. Should a Board member desire employment, he or she must first resign.
   D. Board members will disclose, annually or as necessary, their involvement with other organizations, with vendors, or with any other associations which might produce a conflict. Members shall also disclose in writing at the regular September Board meeting each year any existing or potential conflict of interest. Each Board member shall receive a disclosure form in advance of the September Board meeting upon which disclosures shall be made.

3. Board members may not attempt to exercise individual authority over the organization except as explicitly set forth in Board policies.
   A. Board members’ interaction with the President or with staff must recognize the lack of authority vested in individuals except when explicitly Board-authorized.
   B. Board members’ interaction with the public, press or other entities must recognize the same limitation and the similar inability of any Board member to speak for the Board.
C. Board members will make no disparaging statements regarding the President or staff performance except as that performance is assessed against explicit Board policies by the official process.

4. Board members will respect the confidentiality appropriate to issues of a sensitive nature.

3. Any violation of the above standards by any trustee shall be deemed not to be authorized or condoned by the Board and may be subject to sanctions by the Board.
I. The Board recognizes the value of membership and attendance at conferences, workshops, and meetings at the state, regional, and national levels which are appropriate and necessary to carry out College business. As such, the Board encourages:

1. The attendance of its members in one out-of-state and one in-state conference (inclusive of the MCCA Summer conference), workshop, or meeting per year, in addition to all other meetings and conferences offered by the Michigan Community College Association.

2. The Board appointed delegates to the Board of Directors of the Michigan Community College Association to attend all regularly scheduled meetings of its Board of Directors.

3. Board members travel arrangements will be coordinated through the Board Administrative Assistant.

4. Board members will be reimbursed for reasonable and necessary required business travel expenses.
   a. The Board shall annually review parameters for reimbursement under Board Bylaw 1.8.2.

The President shall make every effort to fulfill the intent of all Board policy and direction as well as its literal interpretation.

All Board authority delegated to staff is delegated through the President, so that all authority and accountability of staff, as far as the Board is concerned, is considered to be the authority and accountability of the President,

1. The Board will direct the President to achieve specified results, for specified recipients, at certain costs (cost is determined as alternatives, substitutes, cost benefit over time, opportunities lost, but not necessarily a dollar amount) through the establishment of Ends and annual budget policies. The Board will limit the latitude the President may exercise in practices, methods, conduct and other "means" to the ends through establishment of Executive Limitations policies.

2. As long as the President uses reasonable and professionally prudent interpretation of the Board’s Ends and Executive Limitations policies, the President is authorized to establish all administrative policies, make all decisions, take all actions, establish all practices and develop all activities.

3. The Board may change its Ends and Executive Limitations policies, thereby shifting the boundary between Board and Presidential domains. By so doing, the Board changes the latitude of choice given to the President. But so long as any particular delegation is in place, the Board and its members will respect and support the President's choices. This does not prevent the Board from obtaining information in the delegated areas where applicable.

4. Only decisions of the Board acting as a body are binding upon the President.

   A. Decisions or instructions of individual Board members, officers, or committees are not binding on the President except in rare instances when the Board has specifically authorized such exercise of authority.

   B. In the case of Board members or committees requesting information or assistance without Board authorization, the President can defer such requests that require--in the President's judgment--a material amount of staff time or funds or is disruptive, or violates personal privacy or health information about students or staff unless it's an issue in front of the Board and request confirmation from the Board Chair as to the necessity to fulfill such requests. If the President still does not believe the request to be appropriate, the matter shall be placed on the next Board agenda for full Board determination of need.

I. As the Board’s main official link to the operating organization, the President's performance will be considered to be synonymous with organizational performance as a whole.

Consequently, the President's job contributions will primarily be evaluated as to performance in two areas:

1. Organizational accomplishment of the provisions of Board policies on *Ends* and budget policies and parameters;

2. Organizational operation within the boundaries of prudence and ethics established in Board policies on *Executive Limitations*.

Additionally, the Board will evaluate the performance of the President on overall effectiveness of communication with the Board, and multi-year achievement of goals set by the Board.

II. Monitoring the President's performance is synonymous with monitoring organizational performance against Board policies on *Ends* and on *Executive Limitations*. Any evaluation of the President's performance, formal or informal, may be derived from these monitoring data.

1. The purpose of monitoring is simply to determine the degree to which Board policies are being fulfilled.

2. A given policy may be monitored in one or more of three ways:

   A. Internal report: Disclosure of compliance information to the Board from the President.

   B. External report: Discovery of compliance information by a disinterested, external auditor, inspector or judge who is selected by and reports directly to the Board. Such reports must assess executive performance only against policies of the Board, not those of the external party unless the Board has previously indicated that party's opinion to be the standard.

   C. Direct Board inspection: Discovery of compliance information by a Board member, a committee or the Board as a whole. This is a Board inspection of documents, activities or circumstances directed by the Board which allows a "prudent person" test of policy compliance.

3. Upon the choice of the Board, any policy can be monitored by any method at any time. For regular monitoring, however, each *Ends* and *Executive Limitations* policy will be classified by the Board according to frequency and method.
4. Each year the Board will have a formal evaluation of the President. Evaluations shall consider overall achievements of the president on multi-year initiatives, budgetary performance and effectiveness of communication with the Board as well as any annually established performance goals set by the Board for the President.
