Trustee Proctor led the Pledge of Allegiance.

Public Hearing on Fiscal Year 2012 Budget Proposal

Trustee Canja stated that in 2001 our tax district approved an on-going 4.0 mill levy and that this hearing is regarding the FY2012 budget and is required by law to allow for public input.

She stated that the Board of Trustees published a notice on, Tuesday, June 14, 2011 of this public hearing on the budget for the 2011-2012 fiscal year, for which the College proposes to levy 3.8072 mills. The millage may be reduced by any required Headlee Rollback. This millage amount is referenced in the FY 2012 budget and the approval of this budget by the Board of Trustees will meet the requirements of the truth in budgeting statute for levy of the proposed mills.

Public Comments

(Name was not provided): Good evening everyone, I’m here to represent the International Students at LCC. Please raise your hand if you have ever been to a country other than the U.S. Please raise your hand if you speak more than one
language. One of the advantages of the International Students is that we bring the multi cultural and experience here to the U.S. We make significant contribution to campus learning and community diversity. There are 500 International Students on Campus from 45 different countries. With the amount of International Students that we have, we should have some type of service. At the last board meeting in January, I appealed for the International Students. We appealed for the need for a counselor. Many promises have been made, but nothing was fulfilled. I've been told that LCC plans to raise the tuition for International Students by 27%. As you know, we have to be a full-time student, so we have to take at least 12 credits or we fall out of status. We pay around $216/credit. If the tuition is raised to 27%, that would raise our tuition by $277/credit. Many International Students came to LCC for its affordability. If we compare the tuition to other community colleges such as Henry Ford Community College, they charge $135 per credit; Mott charges $197 per credit and Malcolm $167 per credit. There is no one here to guide International Students. We have no counselors or advisors. Many International Students have gone to the current counselors and they were no help. They aren't trained to deal with International Students and their differences. Many students come to the International Club for help, but we don't know all of the answers and need counselors as well. The orientation at the beginning of the semester does not get the job done for International Students. It is not just about getting the paperwork done we need counseling. It is about time that we either hire a counselor or at least train our current counselors. Thank you for your time.

IT WAS MOVED by Trustee Smith and supported by Trustee Meyer that the Public Hearing on the Fiscal Year 2012 Budget Proposal adjourn.

Limited Public Comment Regarding Agenda Items

Dan McCarthy: Thank you Madame Chair, members of the Board and President Knight. My name is Dan McCarthy and I’m the staff rep for MEA assigned to our units at LCC. That means I serve as a resource person for the facility maintenance association, part-time clerical technical union, educational support personnel and the faculty members of MAHE. I come tonight to speak about my constituents who may be affected by the proposed layoffs that you are considering as part of the overall budget. The layoffs project a saving of nearly $700,000. I notice that includes the cost of contracted services as an increase of over 5%. It appears to me as though you are aware that you are dispensing services that you can’t cover with the remaining staff, and that you need the help of hired services. We think that’s a mistake. We also know the projected fund balances are nearly $18 million; $5.5 million more than the fund balance was in 2007. In this past year, you have incurred a onetime cost of $700,000 for property in Mason
that we would respectfully suggest as a onetime cost from the fund balance of the budget surplus. The appearance is that instead of being willing to pay the onetime cost out of fund balance, you would ask support staff to pay with their jobs and their livelihood. We think that is a mistake and we urge you not to do that. Thank you.

**Lynn Savage:** Good evening Madame Chair, members of the Board and Dr. Knight. My name is Lynn Savage and I’m retired from LCC. Tonight I am speaking as a representative of the swim pool committee. My purpose tonight is to ask that you approve the proposal that the physical fitness and wellness department at submitted to put in place a system for developing and encouraging community participation in the pool with a pool membership program. This is not a new proposal; it was first submitted to the administration for approval last fall. Given the many community requests for the use of the pool received by PFW over the past year, this program will produce reasonable participation and revenue in a relatively short period. The goal of this particular program is to serve an underserved community population, particularly in the downtown area where currently no other such facility exists. I urge you to give the necessary approval tonight so that the program can begin no later than July 1, 2011. Thank you for your considerations.

**Christine Connor:** Hi I’m Christine Connor, lead for fashion and interior design. I wanted to let you know since the last meeting a couple of us have been working on some ideas for the fashion program. We wanted you to look at those and know that we are working on it and that we are very interested in pursuing that move. Anything we can do to help we would be most happy to do.

**Richard Mull:** I’m Richard Mull. I’m retired and an adjunct faculty member. I am concerned about what I consider to be an unwise expenditure of college funds. We seem to have purchased at a minimum of 55 large rocks. I don’t know if you have purchased rocks before, but rocks are expenses. These rocks vary from a quarter of a ton to half of ton. 55 rocks. Assuming we got a great deal on those rocks, 55 of them at $1,000, that’s $55,000. This would really make an interesting comment from our MEA contribution. $1,000 per rock represents 4 to 7% of the issue we have with our part-time and full-time faculty. It doesn’t make any sense to me. Esthetics are glorious. Don’t misunderstand me, you can look out the window and you can see the 13 rocks that exist outside this window. They are beautiful. But they won’t keep people around. Thank you.

Chris Strugar-Frisch stated the rocks in the circle drive totaled $2,400.

**Cindy Storie:** I’m Cindy Storie on behalf of the faculty. There are two different things I would like to address with the Board. One, I really want the Board to consider where that contingency money belongs and how we spend that. Where do we place our priorities? Is it people or things? I think that exemplifies one of the issues we have. Is it about rock or is it about our staffing? One of the issues that came up last week and
was brought to our attention, is back in 2008, 21 employees who were hired into their current position, were not correctly classified; and therefore, certain taxes and so forth were not paid accurately. Those employees are now being contacted and asked to pay back that money so this error can be corrected. While we understand there has to be a correction, we’ve had these errors in our system previously and believe the college should own up to the error and pay this on behalf of those employees. That is one place where we can show value in our employees on their behalf. The other thing I wanted to bring forward is attachment B, page 2 of the proposed budget. Under the operating budget account, we have full-time and part-time faculty. There is an adopted budget from 2011, then the adopted budget amendment #3 and the proposed budget for 2012. In totaling those numbers, I’m looking at the 2011 proposed budget at just over $35 million. The actual, coming up to the end of our fiscal year, is $36 million. The 2012 proposed budget coming forward is just under $35 million. I have a concern, which I am going to raise to the Board’s and their commitment to what I consider our primary mission, to deliver education and our faculty. Why do we see a substantial reduction of $1 million of what we have moving forward? We don’t have any proposed eliminations of full-time faculty positions. I know I have challenged the Board previously when we posted 17 full-time faculty positions to maintain our ratios. We are dangerously low when it comes to accreditation. I don’t see us having a reduction in what we do for faculty in delivery of education. I have some concerns about what we are proposing and what we are actually doing here at the college. I am bringing forward a question not only what we have done in the past, but what are we going to do moving forward on this budget in delivering education. MAHE did bring forward what I believe is a very modest compensation proposal for your consideration. I wanted to make sure that was brought to your attention prior to voting on this budget. In that regards, I ask that the FY 2012 budget proposal be removed from the consent agenda so you are able to look at all of the areas that need to be done. Thank you

**PRESIDENT’S REPORT**

**Informational**

President Knight gave the following updates:

**Financial Aid:** Communication is on-going for the new Fall 2011 financial aid refund procedures. The changes place LCC on the same path as most other Michigan community colleges. Financial aid funding will be disbursed throughout the semester to better support student success, budgeting and program integrity. Eligible students will receive up to $500 for books and supplies prior to classes beginning. Financial aid refunds will be made during the fourth week of the semester after all registration and class attendance has been verified.

**Enrollment Update:** Summer 2011 enrollment is down 937 students and 6,904 in billable hours as of June 10. This is a 10% drop in headcount and an 11.5% drop in billable
hours. Many community colleges throughout the state have been reporting enrollment decreases for summer. Fall 2011 admission applications are strong.

Military Friendly Designation: LCC will be included in a public press release this fall announcing our being named as a “Military Friendly School” for 2012. This compared LCC to colleges and universities using benchmarks on policies and efforts in support of military and veteran students. The results placed us in the top 20% of all colleges and universities. In July, we will be recognized with a “Military Friendly Schools” plaque and a formal press release announcing schools will follow in late September.
