**PRESIDENT’S REPORT**

**Informational – Dr. Knight**

Dr. Knight provided the following update:

- **Dual Enrollment**: Dual enrollment of high school students has increased 129 students or 30.8% over last spring, bringing the total to 548. This reinforces the continuing recruitment and outreach efforts with programming, support and regular events with our K-12 partners. LCC is, and continues to be, the first college choice for 29% of high school graduates throughout the service district and is positioned well to meet the demand for expanded dual opportunities for Michigan high school students.

- **Aquatics Update**: Sixteen sections of aquatics are being run at the East Lansing Hannah Center and East Lansing High School this semester. LCC is running five different courses at the Hannah Center and two different courses at the high school. Both pools and locker room facilities are nice and well kept. Both organizations have been great to work with. Architects and engineers continue work on a solution for leaks in the system of the Hill pool. There is no indication at this time of when it may be available for use; although we are hopeful.

- **Elgin Community College Visit**: A team of four LCC administrators and one administrator from Ingham Intermediate School District will travel to Elgin Community College on January 31 to attend their Alliance for College Readiness
meeting. They will also have the opportunity to meet individually with Dr. Julie Schaid, Associate Dean, College Readiness & School Partnerships at Elgin regarding their program.

- **GFOA Award:** Once again, the Government Finance Officers Association (GFOA) has given LCC’s Financial Services Division its Distinguished Budget Presentation, this time for the college’s 2011 fiscal year budget. According to the GFOA, award recipients have pioneered efforts to improve the quality of budgeting and provide an excellent example for other governments throughout North America.

- **Black History Month to Offer a Variety of Events:** LCC’s Black History Month observance includes a kickoff event, history series, jazz concert, health fair, and film festival, among other things. The opening ceremony is scheduled for January 31, 6-7 pm in Dart Auditorium.

- **Early College Report Shows Positive Gains:** LCC and the Ingham Intermediate School District collaborated on a Final Evaluation Report that was submitted to the Michigan Department of Education and key stakeholders in December. The report showed, among other things, significant improvement in college readiness among Early College students.

- **Strategic Planning Update:** The Strategic Challenges project evolved into the Strategic Planning phase with an Executive Leadership Team workshop, a Board of Trustees session, and informal planning meetings with faculty and staff this month and continuing into February. Participants at these forums identify issues and ideas that can be used in the development of the comprehensive strategic plan that will guide the college for the next several years. The foundation for the planning phase was developed during the Strategic Challenges project which considered external issues that could have a substantial impact on the college’s operations.

- **Build Forward Update - Arts & Sciences Renovation:** Demolition on the first and second floors of the south section began in late November, following several weeks of behind the scenes preparation that included such things as rerouting air ducts, capping plumbing, electrical and gas lines; and, removing modular space systems. The project is on schedule and renovated spaces on the first and second floors are expected to be reoccupied at the end of this semester.

**Action Item - Budget Amendment #1**

Trustee Canja asked how much engagement there has been with the Administrators in the restructuring discussion to best deliver services.

Dr. Knight stated that there have been ongoing conversations for months.

Lisa Webb Sharpe stated that the Arts & Sciences Division started their conversations in May with the entire division and the Human Heath & Services Division started in September.

Trustee Canja wanted to know if there were differences between formal and informal notification.

Brian Pickford stated that there was a difference in what was being shared with the Administrators currently in Chair positions and what was being shared with the Union. He stated that as a Chair this was discussed and they were able to give input. He further stated that the Union was not provided this information until they received a letter from HR indicating they were going to eliminate four positions from the Arts & Science Division and one position from the Human Health & Services Division.

Lisa Webb Sharpe stated that there had been conversations back and forth with the divisions in order to formalize and put a plan together on paper to give to the Union.

Trustee Smith asked when the Union was notified.

Brian Pickford stated that in December they received a letter from HR regarding the 5 positions. He stated that the Board meeting in December was when they discovered there were 13 positions being eliminated and not just the 5 positions.
Trustee Smith stated that she felt the Union had sufficient time for the Board to hear from them if there were any concerns.

Trustee Proctor asked if those representing the employees who were affected as union members, believe they should have been involved on what the organization structure was going to be and if that required some bargaining commitment by the Administration.

Lisa Webb Sharpe stated that the discussions were open to all employees that were interested in coming. She stated that once a plan was developed and the impact on members of AFT was known, they were given a 30 day notice.

Trustee Proctor asked if the agreement with the Administrative Unit requires the Administration to bargain over the reorganization. He stated that there appears to be a sense that there was a responsibility owed by the college to consult with the union leadership with regard to the reorganization, before the administration came up with a plan.

IT WAS MOVED by Trustee Hollister and supported by Trustee Woods that the FY 2012-13 Budget Amendment #1 be approved.

Roll call vote:
Ayes: Canja, Hidalgo, Hollister, Proctor, Smith, Woods, Meyer

Jason Mayland responded at the time the committee did not believe that was crucial, but in the future will include students.

Trustee Canja asked if the instrument allowed students to see input from other students.

Jason Mayland stated that they have begun review of this at the request of a student organization.

IT WAS MOVED by Trustee Woods and supported by Trustee Smith that the Sole Source for the IDEA Center for Student Evaluation of Teaching and Learning System be approved.

Board Member Report – Update on LCC Diversity and Inclusion Initiative

Trustee Canja stated that she had hoped the college would address a broader scope of diversity which would include students with disabilities and the LGBT and other community populations the college might have. She stated when reaching special or different populations you have to be able to build relationships with that culture and not just send them a letter. Trustee Canja stated she noticed the document was a traditional outreach model for a majority culture and hoped the college would look at a different approach and think about how it might go about building relationships within different communities.

Trustee Woods agreed with Trustee Canja. He stated his understanding was that this was a draft from two years ago and that the Administration is going to start the committee, look at it and make adjustments.

Board Member Report – Add Unfinished Business as a Standing Agenda Item

Trustee Proctor stated that this came as a result of items brought before the Board and are forgotten about. He felt that this agenda item would help to eliminate that and ensure follow-up.

Trustee Woods suggested that Unfinished Business be placed after Board Member Reports.

IT WAS MOVED by Trustee Woods and supported by Trustee Smith that adding Unfinished Business to the agenda be approved.
